Unique Angle To A Convalescent Home

Mrs. Andrew Morgus, about to open a new type of convalescent home at Point Breeze, is now taking registrations. Capacity is sixteen patients, who will receive round the clock nursing care, in addition to having access to large porches and spacious lawns.

In addition to the usual clientele of people who need care after being discharged from a hospital, a guest and rest service is offered. Mrs. Morgus will accommodate a limited number of people who are not ill, but who need a vacation from household care.

On the first floor of what was once the Yacht Club, patients will be housed, leaving the second floor free for vacationers. A special service will be offered for elderly people normally living with their families, but who require a pleasant place to stay while the families go for a trip.
