Mrs. H. A. Brown is entertaining her daughter and husband, Mr. and Mrs. J. Ferre from Rochelle, N. Y. The storm we had the other day sure made a mess out of some parts of Lehman. At the Rest Home a tree was struck, and it fell a short distance from a large window. It was a frightening experience for the old folks.

Kenneth Sutton's garage blew in, and the wind broke a window in his home. The roads are bad enough, but they are worse now, as they are washed out in several places.

There were the following members from Lehman: Minnie Hoover, Lillian Hildebrand, Viola Hoover, Mrs. H. A. Brown and Lillie Connelly.

This Is Our PROGRESSIVE PROGRAM

We will complete and up-date the Reassessment Equalization program by October 1, 1964, in order to provide a tax base from which the required finances can be secured, with each property-owner paying only his or her fair share of the total cost.

We will administer the County Government in the most economical manner possible and thus enable as much as possible of the total tax monies levied to be retained on the local level to meet municipal and school district costs. This means modernization of County functions and services to make them more efficient and less costly.

We will cooperate with all interested officials of local government in projects or programs for municipal improvements.

We reaffirm the belief that Valley Crest should be operated as a medically-oriented facility giving efficient and adequate services on a reasonable level of expenditure. This includes convalescent and rehabilitation programs for those who have a potential for recovery, a pleasant environment for those who are destined to remain for long periods, and good nursing care for the seriously ill. It also means continued efforts to develop a Foster Home Program and a Day Care Program in order that the limited bed capacity of Valley Crest may be used to maximum effectiveness.

We will remove Valley Crest from political interference.

We will place the professional, medical and nursing staff of Valley Crest under a Civil Service system with employment and tenure based on merit and ability alone.
