

Don't let ANYBODY tell YOU differently

For HEATING WATER

GAS IS FASTEST!

ONLY GAS DOES THIS...

RUUD Varimatic 30-Gallon Gas Water Heater with a solid copper tank gives you more hot water—UP TO 50 GALLONS PER HOUR—when you need it most and without any adjustments! As your demand for hot water increases, the burner flame increases automatically. Truly, the most modern word is **GAS** for hot water!
