### Huntsville Residence To Be Seen On Home Tour

This is a back view of the lovely home recently purchased by Mr. and Mrs. Robert Casper, Hillside Road, Huntsville, included by the Dallas Junior Woman's Club on their Home Tour, September 15, from 1 to 5 p.m.

Mr. Casper designed and supervised the recent addition to the home consisting of a dining room, foyer, bedrooms and stairway.

The interior of the home is rich in tradition and color; all of which reflects a quiet elegance. A sweeping exposure of the same color carpeting and walls carried throughout the living areas create an air of unity, spaciousness and luxury. Club members who will be hostesses at the Casper home are:

Mrs. Francis Barry, Mrs. Evan Bonawitz and Mrs. John Bednash. They will distribute brochures containing information about each of the fine structures and maps to guide visitors on the tour.

Tickets may be purchased from any club member and at each home on the day of the tour. Miss Sandy Sprout will be in charge of tickets at the Casper home.

Mrs. Raymond Wilson is chairman of the tour. She is being assisted in making arrangements by Mrs. Joseph Reynolds, co-chairman; Mrs. Peter Arnaud, programs; Mrs. George Hamm, hostesses; Mrs. Charles Allabaugh, tickets and Mrs. Paul Bartolacci, publicity.

### It Froze To Death

The beautiful night-blooming cereus which Pillar to Post inquired about in the September 5 issue, froze to death last winter during the extreme weather. In its heavy tub, it was upstairs in Mrs. Arthur Hoppes' home at Harveys Lake, and the cold crept in.

It was a tremendously large plant. Ten years ago it produced twenty-two blossoms. Last year it flowered with thirty-two.

Mrs. Gilbert Ide's mother, Mrs. W. F. Baer, who lived next door to Mrs. Hoppes, had an offshoot of the original plant, which yielded four blossoms at one time, but since being transferred to Kingston to Mrs. Ide's daughter's home, it has refused to bloom. Mrs. Fred Hughes still has hopes that it will flower. Encouraging signs are the putting forth of new leaves.

### Forgot Photo Credit

Several photo credits were left out by oversight last week: Pictures of Fernbrook team and of Trucksville Free Methodist Church ground-breaking ceremonies were by James Kozemchak. That of Lake-Lehman band at Idetown Firemen's Festival is by Alex Rebar, Paramount Studios.

### Air Force Citation For Speaker Design

Airman First Class Charles Volack Jr., Dallas, has been cited here for the design of a new loud speaker unit for integral mounting in U-10 light observation aircraft. Airman Volack, an Air Force aircraft radio repairman stationed here with a detachment of the 1st Air Commando Wing, designed the

unit to cut down on wind drag created by externally mounted loud speakers.

As a result of his improved unit, a decrease in acoustical feedback has been experienced giving voice projection and clarity a greater range.

The airman is the son of Mr. and Mrs. Charles A. Volack of R. D. 3, Side Central Catholic High School.
