They visited in California and its many points of interest. Mrs. Webster celebrated her birthday in the Grand Canyon and her grandson celebrated his ninth birthday in the Red Wood Forest.

They went by the northern route and returned by the southern route, covering 8400 miles and 18 states.

Rotary Exchange Student Forms Lasting Friendship With Hosts

Flanked by Dallas Rotary President Myron Baker on the left, and Francis Ambrose on the right, Atty. Jan Bregman talks to Rotarians about Occupied Netherlands, deploring the horrors of war.

Two years ago Annabelle Ambrose went to the Netherlands as a Rotary Exchange Student. On her arrival she was greeted by Attorney Jan Bregman and his wife Wilhelmina of Den Helder the Netherlands, who were to be her hosts for the first few months. The resultant friendship was instrumental in bringing the Bregmans to this country. They are presently staying with Annabelle's parents, Mr. and Mrs. Francis L. Ambrose, Dallas.

At the Dallas Rotary meeting last Thursday, Attorney Bregman spoke on the life of a Dutch family during

the German occupation of the Netherlands. Den Helder, the Dutch naval base, was a prime target for German bombs. With one-third of the town destroyed, the housing problem became acute.

Attorney Bregman also described the activities of the Dutch underground and pointed out that many Allied fliers were rescued and returned to England.

Attorney Bregman concluded with these observations:

"With your Marshall plan we were able to rebuild our country. I'm proud that the Netherlands was the first country to pay this debt.

"I hope that neither we nor our children and grandchildren are ever obliged to go through a new world war. Your soldiers know what war is, but those who stayed at home, cannot fully comprehend its horrors."

Attorney Bregman and his wife will sail from New York, on the Westendam on October 24.
