

### East Dallas

Jack Frost certainly outdid himself this year; the foliage never seemed so magnificent. Visitors we had Saturday from Lancaster were amazed at their beauty; said the leaves are just beginning to turn down there. On the other hand Jack Frost really finished the tomato business; which had a successful season anyway.

Gerald Dymond left for Florida last week by truck, and took equipment to get winter crops started. Ted, his brother, will follow after loose ends are tied up here. There is always a lot of finishing up to be done. The Dymond Brothers were awarded a citation last week from the governor for extra good living quarters for migrant workers. This is their third consecutive year to receive an award.

Robert Morgan returned home last Thursday after being a patient in General Hospital for a week. He is convalescing at his home, still not able to return to work.

The Browns have two other children Larry, Jr. and Susan. Lucy expects to be there two weeks at least.

Mrs. Frank Smith, Orange, is visiting her sons Frank and John, in Washington. Frank has work there and maintains an apartment. John has been a patient in Walter Reed Hospital for a long time. He is still there and would appreciate hearing from his friends. Address: Pvt. John R. Smith; R.A. 13789141 U.S. Army, Ward 32, Walter Reed Hospital, Washington 12, D.C.

I congratulated Matthew Higgins on what I thought was his 91st birthday in a previous issue, but really was his 94th. While talking to him on the phone he said he still does leg exercises on his stationary bicycle. He is really remarkable.

Writing about Mr. Higgins' bicycle brings to mind an incident my brother-in-law wrote this week from Florida. Commenting on something he and Carrie his wife read in The Post - "Things usually work out O.K. Take my case, when I first met Carrie she was going with a guy that owned a horse and buggy, while the only thing I owned was a bicycle built for one. Don't laugh because back in those days a horse and buggy was about as easy to come by as a Cadillac is today. Still she dropped that guy for me. The climax is it worked out so far." Good old Chester a real morale lifter.

There has been a lot of work done around the fire house to beautify the grounds. We are very proud of it. Serving committee was Mrs. A. M. Major, Mrs. Chester Lamoreaux, Mrs. Albert Coombs, Mrs. Davenport and Mrs. Connelly. W.S.C.S. ENTERTAIN MISSIONARY
