

Waltz Through Washday!

WITH A *new*
automatic washer

and.....

an *Electric*
clothes dryer!

If you don't have an up-to-date automatic washer and electric clothes dryer, you're working too hard — and too long — on washdays. Wash the modern automatic way; you can depend on plenty of good hot water for all your laundry needs with a quick-recovery electric water heater. Then dry clothes electrically for a year-round vacation from washday work. Your electric dryer will save you the time and work of lugging out heavy wash to hang each piece on the line, and you'll be able to dry clothes rain or shine, day or night. Your automatic electric dryer dries clothes just right, too, sweet-smelling and fresh, and perfect for easy ironing or for immediate storage. See the new automatic washers and automatic electric dryers soon, at your dealer's.
