

ABC

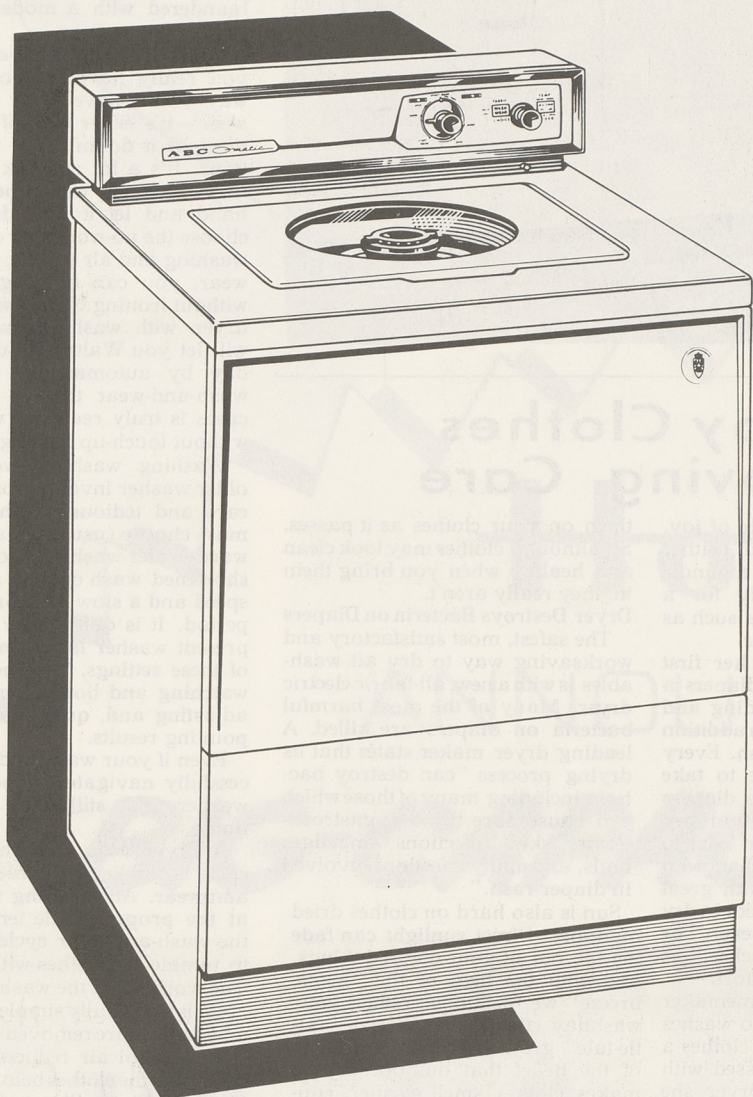

A MATCHING PAIR FOR EVERY NEED

AUTOMATIC ELECTRIC

WASHERS

&

DRYERS

WASHER MODEL
AW-642D

● **Fabric-Cycle Washing**—Six different types of load may be washed with just the right combination of wash- and rinse-water temperatures, wash and spin speeds and length of cycle. A simple setting lets you make this choice.

● **Automatic Bleach- or Rinse-Additive Dispensers**—Bleach or rinse additive can be added automatically to the wash or rinse water at just the right time. Dispenser lid includes valuable washing advice.

● **Illuminated Backguard** — Soft incandescent light in stylish backguard illuminates work area.

● **Glass Window in Lid.**

● **Plus Features Common to All ABC Washers.**

DRYER MODELS

ADE-642, ADG-642

● **Automatic Termination Drying**—Simply set for type of load—wash-wear, regular fabrics, or heavy fabrics—and dryer finishes clothes just the way you want, turns off automatically.

● **Convenient Lights and Signals**—Buzzer signals that load is finished. Softly lighted backguard and illuminated dryer drum add to convenience of these models.

● **Optional Manual Control**—If you prefer to time the cycle manually, merely set the control for the time desired, up to 60 minutes. Control can also be set for "No-Heat" for fluffing without heat.

● **Porcelain Top.**
