Information on the program under the cooperative plan in Retail Hospital and Industrial Pharmacy will be presented. Anyone interested should make application to the above address.

Encouraging news has been forwarded to our school counselor and we pass this on for student and parent reading. Eugene S. Wilson, admissions dean at Amherst, says he and officials at a number of other selective colleges are a bit

troubled by an apparent tendency of students who have low test scores and class rank not applying at these schools. Dean Wilson says Amherst considers special interests and qualifications of applicants more important than test scores and grades.

(Exceptional) — senior students are invited to enter the twenty-third Science Talent Search being conducted by Science Clubs of America, open to boys and girls.

Top awards include 40 all-expense paid trips to Washington for the Science Talent Institute and 34,250 in Westinghouse Science Scholarships and Awards. Scholarship opportunities and other educational assistance also come to those named in the Honor Group. Senior students are urged to leave their names in the high school guidance office and copies of the examination will then be ordered for these students. A student should be in the top 15% of the class to qualify for this test. The deadline is November 27 for applications.

Ithaca College announces that Drama Scholarship Auditions will be held at the college on Saturday, December 14, 1963. Students wishing to participate should write to George R. Hoerner, Chairman, Department of Drama and Speech, Ithaca College, Ithaca, New York. The scholarships range from \$1400 to \$400.
