Kunkle WSCS Holds Christmas Party

Kunkle WSCS had a nice turnout for their Christmas party last Wednesday night. Reverend Fred Elster gave a talk, and Mrs. Llewellyn Williams had devotion. After dinner, the party was turned over to Mrs. Allan Brace and Mrs. Gomer Elston, game committee. Gifts were presented and the club gave a gift to Mrs. Fred Dodson, president.

Give A Phone

Commonwealth Telephone Company has opened a Christmas gift center at the Business Office, 100 Lake Street. J. N. Landis, District Manager announces that a wide range of telephone ideas will be on display and a gift counselor will be on duty to consult with shoppers. Telephone gifts will be attractively gift wrapped.

Mrs. Carlin, in charge of the gift center, recommends for Dad, a space-maker phone in the den or workshop, and/or a special outdoor bell which summons him when he is at work in the yard or garage.

Mother will welcome gaily colored extension telephones for various areas... a handy wall phone for the kitchen, a petite "Starlite" phone for her bedside, a telephone in the laundry. Telephones in several areas will make her work so much easier, Mrs. Carlin points out.

Teenagers will welcome a private telephone with a separate number for their own use, insuring uninterrupted use of a telephone without interfering with other family members.

Younger children in the family can share in telephone gifts with extensions in their rooms, and special listings in the telephone directory — right alongside the parents listing.

Grandmother will love an illuminated-dial phone in her room — one that makes it easy for her to see the figures as she dials. If Grandpa is hard-of-hearing, a special hard-of-hearing set will be an ideal gift for him.

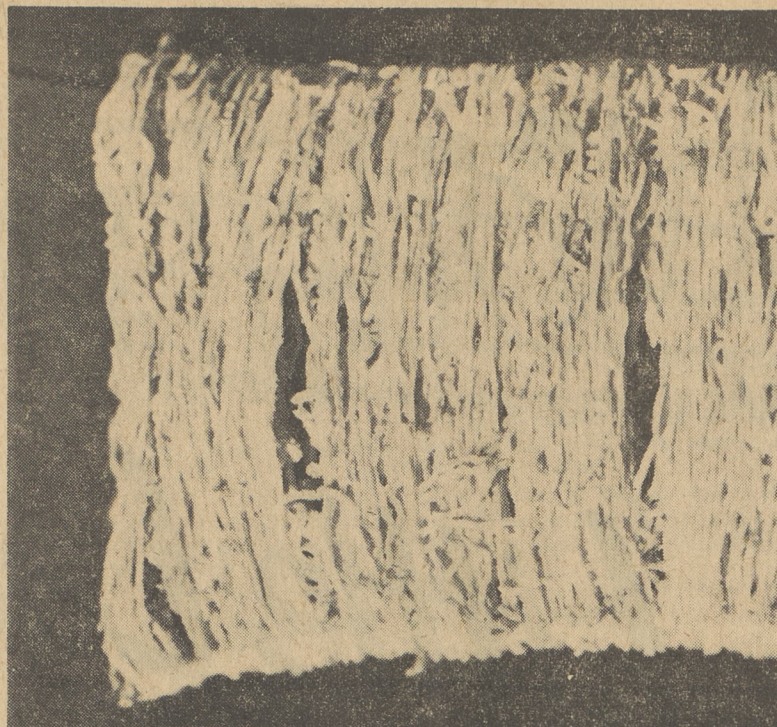

A convenience for the entire family is the new home-intercom system or telephone door-answering unit which enables members to talk with visitors at the front door without unlocking the doors or leaving work area. Home interphone permits conversations between rooms, and switching of calls from one room to another.

Telephones come in a wide range of colors and styles, including regular desk phones, the beautiful compact "Starlite" phone, and handy wall phones. One of the newest gift ideas is the bell chime which can be installed for a pleasant bell tone whenever a call comes into the home.

These and many other gift items, to meet special requirements, are available at the Commonwealth Telephone Company gift center. Complete details may be secured daily between now and Christmas.

As a final gift suggestion, Mrs. Carlin says that every telephone subscriber has someone who would welcome a Christmas greeting by telephone on Christmas day. Whether it's across country or across town, a cheery "Merry Christmas" by phone will brighten any home for Christmas.

What's The Whatzit?

James Kozemchak's latest is of course a floor mop, badly in need of reupholstering. Or better still, of replacement. Looks pretty tattered.

Extended Small Game Season Dec. 23, Jan. 4

The extended small game season on cottontail rabbits, squirrels and ruffed grouse opens Monday, December 23 and closes Saturday, January 4. Daily shooting hours are 7 a. m. to 5 p. m. except for Christmas Day and Sunday, December 29 when no hunting is allowed.

Pennsylvania Game Commission says daily bag limits are set at four rabbits, six squirrels and two grouse. Season bag limits are 20 rabbits, 30 squirrels and 10 grouse, including any of these species killed during the November small game season.

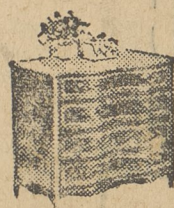

December 23rd and 24th were established to compensate small game hunters for two days lost from the regular season in November because of the hunting ban. The ruffed grouse is the only game bird which will be a legal target. The season was not extended on wild turkey, ringneck pheasants and bobwhite quail.

Starting Thursday, December 26, snowshoe hares will be legal targets in 56 counties, including Luzerne and Wyoming. Bag limits are two per day, six for the season.
