WHO PUT THE BANANA IN THE Amana (AND WHY?)

Model AFFS-98 Amana Free-O-Frost Freezer-Plus-Refrigerator

No Frost ever... here!

It's not a gimmick. We're serious! But don't put bananas in just any freezer... only Amana's contact freezing is tender-careful enough to freeze banana slices so fast they don't have time to discolor or lose their flavor. And Amana freezes all fresh foods just as quickly and carefully.

For quick selection of fresh fruits and vegetables, the full-width, "extra-margin" crisper in the refrigerator holds up to 32 pounds of foods. Exclusive no-tip glide-out shelves put all foods at your fingertips.

Only Amana has freezing coils attached to solid aluminum shelves—instead of the usual open-wire shelves. And only Amana maintains even, zero-degree temperature all year 'round, for safe storage of frozen food.

WE DID!! COME IN and SEE US.
