### Sports Car Rally Begins And Ends In Dallas

What is going on here?

You guessed it, it's a sport car rally, sponsored by Northeast Pennsylvania Sports Car Club of America, one recent Sunday, starting at Orchard Farm Restaurant.

Several bona fide sports cars are seen in first picture, and also the control and registration desk. Tom Hollyer, Dallas RD 1, here in dark glasses, is getting the thing organized.

Object of the rally is to drive not too fast and not too slow, carefully watching your time and distance, until you reach a checkpoint, where you receive instructions on how to get to the next checkpoint. Routes are described, but not identified, and it is more than possible to get lost.

This particular rally circled 131.7 miles from the restaurant to Harry Smith's place on Huntsville Road, by way of Centermoreland, Falls, Mehoopany, Lopez, Benton area, Sweet Valley, Chase, and many other places too numerous to mention. Whole course was to be covered in a little over four hours.

## Penns Woods Notebook

Game Commission Officers assisted by area sportsmen have completed 1964 Spring stocking in the Northeast Division.

A total of 5,250 ringneck pheasants were released on lands open to public hunting.

The pheasants were stocked in farming areas where suitable habitat is present in order that good natural reproduction will result.

The stocking of turkeys was completed earlier in the spring with 562 mature turkeys liberated, principally on State Game Lands.

In addition to the pheasant and turkey stocking, 6,096 cottontail rabbits were trapped alive during January and February captured by boy scouts, sportsmen and Game Commission agents in cities, towns, cemeteries and other locations where hunting is not permitted. They were then liberated on lands that are open for public hunting.

Luzerne County led in the trapping program with a total of 1,288 rabbits; Lackawanna County was second with a total of 1,014.

When you can't find Caddie Lar-Bar at his store you can just about bet that he is out hunting, fishing, or at a boat show, but last week Caddie was in Detroit Mich., for a national archery tournament. Caddie stood 15th in the first half.

Last Saturday on my way to Harveys Lake to talk to some fishermen, I noticed a big pile of soda bottles half of which were smashed along the Dallas-Harveys Lake Highway just above the Game Commission Office on the left side of the road. On my way back the State Highway Department was cleaning up the mess. I think these men should be congratulated for keeping our highways so clean from careless travelers. I hope you will practice good conservation and keep Pennsylvanias clean and green.

## First Day Of Trout Season Attracts Crowds To Shores Of Harveys Lake

By Jim Hopple

"A wonderful time was held by all." That's the way you would describe the 1964 opening trout day at Harveys Lake.

With the season opening at 5:00 a.m. on April 18th, the day was bright and very warm. Along the banks and on the walls and docks were grandmothers, grandfathers, dads, moms, brothers, sisters, aunts and uncles.

At different places at the Lake I stopped and interviewed some of the fishermen. The following is a list of names and number of trout caught at the time of interview:

Charles Chase, one; Ron Steele, three one was twelve inches; Mark Steele one; Butch Bossert, one fifteen inches; Don Bossert, one; Paul Fiske, four, all from Dallas.  
James Langan, four; John Langan four; Gene Stanzak, six, all of Wyoming.

Bill Sauers, one; Charles Shades, one; and Fred Zinn, all of Wilkes-Barre.

Brad Bryant, one; Dick Hosey, one twelve inches; both of Harveys Lake.

Mike Smith, one, of Kingston.  
Kenney Crispell, four; Claude Crispell, one fifteen inches, both of Luzerne.

Mike Messersmith, one, from Trucksville.

George Evans, three; Bob Evans, one, both of Forty Port.

Most of the men wore hip boots, the women had long pants and long-sleeved shirts. We might add that both men and women wore hats.

There were also some nice twelve inch catfish on the stringers.
