I saw Dallas Ambulance speeding to the assistance of their Kingston Township neighbors on Saturday night and believe me those boys were as intent on reaching the scene of the accident as if it had been one of their own community. Also our ambulance was back on the job by that time, they are to be commended for their willingness and promptness. Ass't Chief Coslett, waved them on through when they reached the scene thinking they were on another emergency.

The little Navajos visiting here at the Rev. They will appear at Shavertown Bible Church on Sunday evening and a fine crowd is expected.

Animals do the oddest things. We were chagrined last week when Prince Blue Heaven, the Persian cat, commenced to bring home little garter snakes, howling outside the door for some word of commendation, but when neighbor John Stahl reported he had seen our pet getting cozy with a young skunk the other night, we really drew the line.

I am probably on Chief Herbert Udyke's black list, probably for no other reason than I nearly scalded the township officer on Monday.

Taking a few minutes to chat in the kitchen while I was making a hurried lunch and state police were occupying the office, a pot toppled from the stove filled with boiling water and also Herb jumped this way and that to miss the spill, his trousers and shoes received a goodly amount of hot liquid anyway. The weight of the officers uniform probably prevented a more serious burn.

Dangerous dry conditions are again prevailing in our community as elsewhere. Youngsters were trying to light a Roman candle nearby some very dry lots on Monday night. Fortunately it would not go off though gasoline was thrown on the flame with several resultant small explosions. More care must be observed if we are to get through the 4th holiday without catastrophe.

For a weekend of fun, visit the Lehman Horse Show, where many events are scheduled to hold your interest from Thursday until Saturday night.
