### ROTISSERIE WIRE

Fix a wire from a tree or roof projection directly over your barbecue pit or camp fire. Now suspend roasts, chops, etc. on wire. They'll naturally twist around and around in heat and you don't have to stand there and turn them.

### FORCED APPEARANCE

If we are to have Junior Citizens attend the supervisors meetings let it be a representative group of all the young folk. According to reports, the delegation Wednesday evening was more or less coerced into attending.

The boys claim they are chased from every ball field in the area. Well, we do need a recreation spot for our youth and the area which now contains the Shavertown Shopping Center would have proven an ideal location, but business needs apparently were given first consideration.

Teenagers are often times restless but easy to handle if one understands their needs. They should not have been used as a gesture to impress police concern, which despite other publicity, fell far short of its mark.

Several new buildings are underway in the community. Rave's are putting up a new structure for their plants and shrubs, a doctor is building a new office on Pioneer Avenue, a well-known grocer is seriously contemplating a new market on Memorial Highway near the Sporting Goods store, and the Yenchas have about completed their renovations for a serve-yourself market, also on Pioneer Avenue.

Although some would shrug it off lightly, the disaster at Ruggles Lumber Company could have happened here.

opened up his home and farm to the little Navajo Indians who visited here recently, showing the youngsters a wonderful time.

Kingston Township Ambulance was getting its regular bath on Saturday morning. The boys care for it like some prized possession and never mind giving up their Saturdays and evenings to keeping it in tip-top shape. Same goes for the fire equipment.

The Arnold Yeusts were saddened recently when one of their pet chihuahuas was struck and killed by a lady driver, who never stopped but drove on unconcerned that she had taken a life. A fellow motorist followed her but could get no where in soliciting her sympathy.
