# Sorbers Hold First Reunion

First Annual Sorber Reunion was held on Sunday, August 9th at Stull Grove. The gathering was for the direct descendants of the late Mr. and Mrs. Claude Sorber of Sorber Mountain. The couple had eleven children, four boys and seven girls, all living. Grand total of descendants stands at ninety which includes the grand and great-grand children, sons and daughter-in-laws.

For many years the family gathered on their mother's birthday to give her their best wishes. It has now been voted to hold the affair annually as close to her birthday as possible, which is July 29th.

At the official meeting, the following officers were appointed for 1964-65: President, Robert Sorber; vice-president, Warren Beahm; secretary, Betty Spencer and treasurer, Guida Beahm.

Prize for the largest family attending was presented to Mr. and Mrs. Daniel Smith, with Daniel Smith capturing the prize for the oldest member present. The youngest award went to Bobby Faux, "early bird special" to Mr. and Mrs. Warren Beahm, and the one traveling the farthest was Claude Sorber, from his job at Arlington, Va.

Danny Smith, Pamela Beahm, and Randy Hummel tied for the most peanuts in the "peanut scramble", and winners of the "balloon blowing contest" were Kathy Sorber and Martin Beahm. The "hot potato relay race" brought in another tie.

A relay race got under way for the women for the side most quickly clad in mens work clothes, but it ended in such an uproar no claims were laid on the stakes, although Mrs. Hiram Sorber and Mrs. Warren Beahm were given a lollipop for their efforts. Mrs. Leroy Butler was winner in a women's gum contest.

The men played horse-shoe and soft-ball. Everyone enjoyed just good old-fashion conversation, and seeing all the new little members of the clan.

Although old man weather didn't favor the day with swimming temperatures, all the youngsters went wading, most of them feet first, all of them getting wetter than the wading level.

A definite date was not set for next year.

Family present were: Mr. and Mrs. Daniel Smith, Harveys Lake; Mr. and Mrs. Carl Smith, Danny, Sandy, and Kathy, Harveys Lake; Mr. and Mrs. Luther Hummel, Ricky, Randy, Robby, Ronny and Elaine, Orangeville; Mr. and Mrs. Hiram Sorber, Walter and Ronald, Sorber Mountain; Mr. and Mrs. John Sorber and John Dale, Noxen; Mr. and Mrs. Robert Sorber, Claude, Judy, Alice and Julie, Sorber Mt.; Mr. and Mrs. Leroy Butler, Belle, Lee and Wendy, Stull; Mrs. Ray (Betty) Spencer, Eileen, Bill and Don, Sorber Mt.; Mr. and Mrs. Fred Spencer, Belinda, George, and Donna Mae, Sorber Mt.; Mr. and Mrs. Robert Faux and Bobby, Centermoreland; Mr. and Mrs. Edward Freeman, Dallas RD.; Mr. and Mrs. James Sorber, Douglas and Grace Dallas RD.; Mr. and Mrs. Philip Sorber, Rodney, Bradley, Kathy and Phylis, Hunlocks Creek RD.; Mr. and Mrs. Warren Beahm, Loren, Martin, Pamela and Kevin, Elizabethtown, RD.

Guests present were: Gary Wilson, Nescopeck, Richard Fink, Middletown, Mr. and Mrs. Thomas Deater, Berwick, Mr. and Mrs. Russell Zimmerman and family of Harveys Lake, Leo Milbrodt, Outlet.

Use Sawdust for Mulch—Contrary to what many believe, sawdust does not turn your soil acid enough to worry about, says J. O. Dutt, extension vegetable gardening specialist at The Pennsylvania State University. No sawdust, except that from walnut wood has a toxic effect on soil. Sawdust mulch holds water well.

Handle Animals Carefully — Safe livestock handling helps reduce hazards to both stockmen and animals. Thomas King, Penn State extension livestock specialist at The Pennsylvania State University, points out that common sense and adequate handling equipment are both essential in working with livestock. This is very important when animals are moved about for exhibit and judging at summer fairs.

Roses Can Stage Fall Show—About half a cup of a 5-10-10 in a complete circle around each plant, scratched into the soil and soaked in to a depth of about six inches could result in beautiful roses this fall. Don't wait too late to do this reminds Lynn Smith, Penn State extension floriculturist at The Pennsylvania State University. Waiting allows active growth when cold weather comes and plants may be severely winter-injured.
