Kings Crusaders Class met at the church Sept. 30. Devotions were led by Mrs. Wesley Lewis who asked each member to give a word she felt was important in the Christian life. (Kinda wish I'd been a little mouse in the corner to have heard what some of those words were.) Final plans were made for the Hat Party to be held at the church Oct. 12. Chairmen are Emma Miles publicity, Priscilla Krum arrangements, Jean Earl refreshments, Thelma George sales. All members were asked to bake cookies and loan hand-mirrors for the evening. If possible, please bring mirrors to the church Sunday.

The class voted to help pay for the new dining room tables, and to transfer the profits of the bowling banquet to the church treasurer for the Driveway Improvement Fund. Jean Honich recently picked out and hung the new curtains in the kindergarten room. Anyone wishing to put flowers in church between now and Christmas should get in touch with Joan Dymond; several Sundays are available. Jean Earl, Janice Vosburg and Emma Miles were appointed to make arrangements for the Civil Defense Medical Self-help course, sponsored by the class.

October meeting will be a Halloween Party. Peach shortcake was enjoyed at a table decorated with an arrangement of apples and grapes. Committee was Mrs. Wesley Lewis, Mrs. Nelson Lewis, Mrs. Thomas Lloyd, Mrs. John Lewis, Joyce Stocker was a guest. Present were: Marie Shaffer, Thelma George, Janice Vosburg, Marion Thomas, Peggy Thomas, Priscilla Krum, Jean Earl, Clara Gossart, Ida Howell, Florence Burgess, Grace Menhennet, Emma Miles, Jane Lewis, Carrie Lewis, Mary Louise Lewis, Jean Emmanuel, and Catherine Gilbert.

It was reported that Nora Dymond is a patient at Valley Forge Hospital, Norristown. This is the correct address.

Sunday afternoon we had as callers, my brother Donald and his daughter Mrs. Stern Lyon and her

husband, all from Binghamton. Which was my birthplace. He re-members (and so do I) when IBM was in its prenatal state, being the Bundy Time Recorder Company where our father worked stamping out brass clock wheels.

Did you ever have your gear shifting apparatus go crazy and refuse to shift out of whatever speed it was in? Refuse to leave neutral, for instance, and just stay in low! And you are in traffic. The horns of motorists behind you, who just have to get along, don't help the case at all. What you have learned to do is, shut off your engine, get out, lift the hood, and manually fuss with those greasy levers down near the end of your steering column. Those are the shift rods and get balky. Don't yours? Well, they push back into place and you get back in your seat and shift away. Might go two or three years before it acts up again. Even so, it's better than going by horse 'n' buggy!

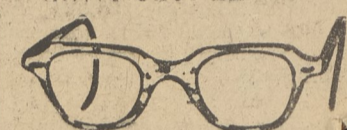

But we went in the other car to St. Stephens Church Sunday night to the annual Festival of Faith. Bishop Warnecke of the Diocese of Bethlehem was the speaker. Preached an excellent sermon keyed by a statement on some brand of aspirin: "For symptomatic pain," which meant relieves the pain but not the cause. You can see how that method describes so much of our attempts to do something noble about whatever is the matter in modern society, when all we do is suppress the effects of a deeper malady. In the choir was "our" Carol Sutton from Carverton. She is one of Mr. Balshaw's pupils and gets to sing in the choir to boost the boys' soprano, and to turn the pages for Mr. Balshaw when he's playing something taking sixteen hands and can't spare one to turn pages. I'm always proud when I see the way Carol is growing musically. It was a pleasure for me to sit in the chancel Sunday night at St. Stephens (because I had a part in the service) for it gave me a chance to watch the organist at work. He can direct

that choir with his shoulders and head while his fingers are still at work on the keys. And his feet on the pedals.

At that Festival of Faith it was the first public and official appearance of our new Executive Director, the Rev. Howard G. Hartzell. Dr. Hartzell was formerly pastor of Wilkes-Barre's First Baptist church and is now among friends as he takes up the work laid down by the late Rev. S. Lauriston Travis.

Our Tommy Lloyd had an operation on his other foot (right) to get all those bones put in place, wired, pinned, screwed or however you put bones together right. So both feet are out of traction, but firmly set in plaster. He told me they were going to have a birthday party for son Timmy in his hospital room. I didn't get to find out how the party went, but I'm sure they all had a wonderful time.
