**Improving At Nesbitt**

Mrs. Herbert Southwell, Chase, remains a patient in Nesbitt Hospital after suffering severe injuries several weeks ago at Wayland, N.Y.

Mrs. Southwell was driving with her husband and son when their car was struck broadside by a car filled with hunters on their way to a cabin.

Admitted to Wayland Hospital, Mrs. Southwell was transferred to Nesbitt Hospital and her own physician the next day.

Her right knee cap was fractured and she suffered extensive facial cuts necessitating many sutures.

**Patient Better**

Mrs. Lila Felt, Dallas, continues to show improvement at Nesbitt Hospital, following serious injury several weeks ago.

Now conscious, recovered from concussion and extreme shock, the patient expects to have doctors repair some of the broken bones, shattered in the tragic accident which claimed the lives of Mr. and Mrs. Russell Achuff, Shavertown.

**Marybel Huston**

Mr. and Mrs. James B. Huston, Jr., Red Ledge Drive, Dallas, announce the birth of a daughter, Marybel, on December 5 in Nesbitt Hospital.

The new arrival weighed in at ten pounds, ten ounces.

There are two other children, Janice, seven and James B. III, aged four.

**"The Highroad To Adventure," Distributed By Youth Hostels**

The American Youth Hostels has just released a new folder, "HIGHROAD TO ADVENTURE THE HOSTEL WAY", which describes the 1965 Summer Sponsored Trips Program. This attractive two-color brochure outlines 14 itineraries in the Americas and 20 others in Europe and Asia. These adventure-packed, low-cost trips vary in price from \$170.00 for a four week bicycle and train trip in New England, to \$1,090 for a two month trip to Japan. The trips are especially well suited for students and teachers. Groups are small numbering 8-11 people and time is allowed for independent travel if desired. The folder is free for the asking and is available from the American Youth Hostels, a non-profit, non-sectarian, non-political association organized "exclusively for charitable and educational purposes" and located at 14 West 8th Street New York 11 N.Y.

According to Frank Cosgrove, Executive Director of the American Youth Hostels, "the AYH in 1965,

Its 30th Anniversary Year, expects its educational travel program to be larger than ever before for two reasons: the number of inquiries concerning the hostel program in 1964 increased 17% over 1963 and second, membership climbed 10% in 1964 and has doubled in the past five years. In the past 30 years," reports Mr. Cosgrove, "young Americans have traveled more than 70,000,000 miles on biking, hiking, canoeing and skiing trips seeing the world the hostel way and enjoying the thrill of new trails. What is more important, in addition to keeping fit and having the finest type of recreation, they have gained an understanding of the people they meet and the countries they visit."

"You will never stub your toe standing still. The faster you go, the more chance there is of stubbing your toe, but the more chance you have of getting somewhere." Charles F. Kettering
