### Prevent Waterpipe Freeze-Ups... Electrically! When winter temperatures drop to freezing, you can depend on Reddy Kilowatt to stop costly freeze-up damage to pipes! Easy-to-install Electric Heating Cable or Tape assure drinking water supply to poultry or dairy barns ... keep water flowing to maintain top production efficiency. A simple thermostatic switch automatically begins distribution of heat along water supply lines right up to faucets or float valves ... switches off when heat is no longer necessary. It's no wonder so many farmers have "switched" to modern ELECTRICITY for all their rural needs ... it does so much ... costs so little.
