He also said that street lights would be appreciated. Supervisors replied that they would get in touch with Gas Company and that a petition was needed for lights.

In preparing for the spring season when drainage problems can be rectified and hoping for an early start on the road repair program. Supervisor Shaver asked that Board immediately order 50 lengths each of 12 and 15 inch pipe.

A new note was injected into the TV Cable question when Matthew Gillis, representing Back Mountain Telecable Company asked if any action would be taken by the board. Chairman LaRoy Ziegler replied that he had thought about the supervisors installing their own cable as a service to the community. Since the other board members had not been told of this idea previously there was no action taken. Dan Shaver told Gillis that the cable company attorney had been adthey would consider a decision on Sustaining Membership Enrollment the matter.
