#### Hail And Farewell

Today we bid goodbye to the four student teachers from College Misericordia who have been with us for the past six weeks. We would now, therefore, like to tell you a little about each of them:

Miss Inez Ryman was familiar to some Dal-Hi students before this year as she, herself, is a graduate of Westmoreland High School. Business was Miss Ryman's major at Misericordia and her minor was education. Miss Ryman told us that she is enjoying her student teaching very much and is looking forward to it as a career. If she should not receive immediate occupation in the fall, Miss Ryman plans to work toward her Master's Degree. She is especially interested in teaching at college level.

Miss Mary Ann Chiampì, who is teaching Chemistry and analytical geometry, is a graduate of West Pittston High School. At Misericordia, Miss Chiampì took a chemistry major and a minor in mathematics. Miss Chiampì, too, is interested in working towards her Master's Degree. She commented that she enjoys teaching at Dal-Hi and she likes the atmosphere and finds the students very friendly.

Miss Carol Ann Bolcovich comes from Bynon, Pa. while she has been here a student teacher she has taught sophomore biology and senior human biology. She majored in biology and minored in general science while studying at Misericordia. Miss Bolcovich hopes to teach senior high biology classes.

Miss Katherine Conley comes

from Little Meadows, Pennsylvania. She has taught sophomore English while here at Dallas. In Misericordia, Miss Conley majored in English and minored in speech and drama. Miss Conley said she enjoys teaching very much and hopes to teach senior high students. We would like to conclude by wishing each of these four the best of luck.
