Yearbook News
We received word again from that congenial yearbook editor. He reported that almost the entire yearbook has been sent to the printer. There are only about three pages left to be completed. Now all we have to do is wait.

While we are on the subject of the yearbook, several juniors attended a yearbook conference last Friday. Pat Bauman, Sally Otto, and Howard Wiener accompanied editor Bruce Hopkins and Mr. Evans to the conference at the University of Scranton. The conference lasted from 9:30 a.m. until 3:30 p.m. and consisted of various talks and discussions on layout, finances, and other such categories. The conference proved very interesting and will be a great aid to next year's annual.

Lake-Lehman Senior Nominated For Annual Achievement Award
Judy Kocher, daughter of Mr. and Mrs. Kenneth Kocher, of Lake-Lehman High School, has been nominated for the annual Achievement Awards Program, sponsored by the National Council of Teachers of English (NCTE).

For the eighth year, NCTE is conducting the national Awards competition to grant recognition to outstanding high school seniors for excellence in English. The writing abilities and literary awareness of each nominee will be judged by local and state committees, and NCTE will announce the winners in December, 1965. The winners' names will be sent to every U.S. college and university director of admissions and English department chairman with the recommendation that these students be considered for scholarship assistance. Most Awards finalists report that they have been admitted to the college of their choice, and many have been given direct scholarship assistance.

According to James R. Squire, Executive Secretary of NCTA, the Awards Program is part of a comprehensive program undertaken by the Council in cooperation with American high schools to encourage improvement in English language and literature at all grade levels. By stimulating interest in English studies and by supporting the improved instruction in English, the NCTA seeks to contribute to an educational program of excellence.

WILLIAM SAMUEL
William Samuel, Lake Silkworth, Hunlock Creek RD 2, is seeking re-election as Supervisor of Lehman Township, in the up-coming primaries, a post which he has held for three years.
During his term in office, in which he has never missed a regular supervisors' meeting, the board has instituted its well-known 6-mile project of road improvement in the township, making use of a government grant under the Accelerated Works Projects plan. An experiment was also carried out with a 9/10 mile road strip, with salt base. This year the board projects purchase of a new dump truck. Finances of Lehman Township, says Mr. Samuel, are as good as they ever were.
The supervisor, a retired businessman and state licensed professional engineer, is a member of Iron Temple, past president of the Nanticoke Kiwanis Club, and still very active in it. He and wife have one daughter, Mrs. Evan Powell, of Vestal, N. Y., and two grandchildren.
