

EAST DALLAS

Mr. and Mrs. Arthur Morgan, sons Dick and Billie, Demunds' Road, visited Mrs. Morgan's sister and family, Mr. and Mrs. Cecil Vopius, on Long Island, Saturday, July 17th, and Sunday. They then went to Clifton Heights on Monday to visit Arthur's sister, Ada Brown and family. They said they all had a wonderful time at both places, and returned home Tuesday. Ada's son, Larry Jr., accompanied them to spend his vacation with Grand-mary Lucy Morgan, and other relatives up here.

Mrs. Carl Goeringer and son Mark, Hildebrandt Road, drove her mother, Mrs. Alfred E. Keay, and her mother-in-law Mrs. Harry Goeringer to see the Longwood Gardens, Wednesday of last week. I am sure they enjoyed the gorgeous flowers, trees, fountains etc. I visited there not too long ago and will never forget the beautiful "hanging garden"; and especially the large variety of orchids.

Harold Moore and his neighbor, Mr. Avery, Johnson City and Fred Moore, Philadelphia, visited East Dallas last Thursday. I say "East Dallas" because brother Raymond and family, whom they came to visit were not home. Sister-in-law Irene (me) was quilting in the church hall. They visited with Hilda Moore a while, then Aunt Jennie Moore whom they would never go home without seeing.

Harold has retired, and Fred was spending his vacation with him in Johnson City.

George (Huck) Sallsbury, Rhode Island, son-in-law of Mr. and Mrs. Raymond Moore, who suffered a broken ankle last week, had to have it broken again and reset. Huck has been in Nesbitt Hospital since two weeks yesterday (Wednesday).

M/Sgt. and Mrs. Edgar Atkinson and son Tommy, Colorado Springs, Air Force Academy, are visiting Wilma's mother, Mrs. Viola (Ben) Brace, Lower Demunds Road, and her sister Mrs. Bruce (Irene) Davies and family, Dallas. Edgar spends most of his time visiting daily with mother in Wilkes-Barre.

The Atkinsons arrived a week ago Friday. Last Sunday they drove Edgar's mother to Cranford, N. J., where they all attended the golden wedding anniversary of Mr.

and Mrs. John Harris, who is a sister of Mrs. Atkinson Sr.

Daughter Mary Jo Atkinson is in training in Penrose Hospital, Colorado Springs, was unable to get time off to come along. They will return to their Base sometime this week.

Robert M. Moore treated his Sunday School class of East Dallas Church to a weenie roast at his home on Ransom Road, Wednesday night, July 21. Grace was offered by Rhonda Moore. Those who attended were Lauren Kintzer, Rhonda Moore, Garry Morris, Jack Cobleigh, Roger Howell, John Cool, David Morgan, Jerry Lamoreaux, David Glahn (Pastor), Teacher Bob and his family, Hilda, Keith, Patti and Holly.

Helen and Tom Dickinson went to Allentown Friday evening to visit her brother, Walter Tkatch and family. Daughter Jean Marie has been spending three weeks vacation there with her aunt and uncle and their daughter Nancy. They all attended the World's Fair on Saturday and returned to their home on Ryman Road, Sunday. Grandma Jeanette Dickinson kept the home fires burning while taking care of 2 year old sister Susan. Grandma had plenty of help because her sister and husband, Edith and Edward Morris, from Pittston, spent the weekend with her.

We all regret the passing of Mr. Trimble, and extend our sympathy to his family.

Friends and neighbors of Mike Sedler are pleased to hear he has returned home from the hospital.

Mr. and Mrs. Harry Siley from Bernersville, N. J., spent July 12th and 13th with their parents Mr. and Mrs. Russell Siley, Charles Siley and Jennie Kinvin, New Market, N. J., spent last weekend at home.

Mr. and Mrs. Russell Siley drove to daughter Frances Harrison's: Stroudsburg, last Sunday to bring granddaughter Hazel Morgan home.

Arthur Magee has been very ill at his home in East Dallas.

Curtis Bynon who had been a heart patient in Philadelphia Hospital returned to his home only to suffer a hemorrhage and was taken to Nesbitt Hospital at 5 a.m. one day last week. No heart operation

JOTS FROM DOT

Dear Folks, March 17 I am spending part of the night with a missionary lady who just had a 9 lb. baby girl Monday at 4 a. m. Mr. Emil Disenamoka, Gen. Sec. of Congo Polytechnic Institute, who had been staying here awhile, knowing he was dying of cancer of the liver, died. He was conscious until quite near the end, enough to refuse a blood transfusion and talk about going to the station as if going on a trip. Then this on Tuesday. Also this morning Bob had to operate on the infected foot of our Swedish physiotherapist. Tonight he had another Caesarian, a neglected case from Lamba -- again!

This morning 2 entire villages, (the mothers anyway) led by one of the chiefs, showed up at baby clinic with all their children to the age of 8 for DPT Polio shots. Gazi-ala and I had taken a run out to the village to check up on absentee babies and mentioned that the older children needed shots too. So here they came -- 79 of them! A worthwhile trip, we thought. It fitted in very nicely for my 2nd year students to come and get some practice and we were finished in no time.

Games were played and refreshments enjoyed by Buddy Reese, Christie Mikulas; Kim Hunter; Jimmy and Jackie Siderek and the guest of honor and her parents.

Mr. and Mrs. Edwin Lumley, Harris Street, entertained at a birthday party in honor of their daughter, Kathleen, who was four. The doll birthday cake was in pink and white. Table decorations were blue, pink and white.

Games were played and refreshments enjoyed by Buddy Reese, Christie Mikulas; Kim Hunter; Jimmy and Jackie Siderek and the guest of honor and her parents.

FARM CALENDAR

Mulch Has Benefits: Use a mulch on your garden to reduce weeds, conserve moisture, and keep the soil cooler, suggests A. O. Rasmussen, extension horticultural specialist at The Pennsylvania State University. Well-rotted hardwood sawdust 1 1/2 to 2 inches deep is excellent. Commercial peat moss, buckwheat hulls, ground comcobs, and straw also make good mulches. Do not let the mulch actually touch the crowns or stems of plants.

Keep Your Garden Clean: In hot, dry weather, blossoms mature daily on many of your flowers. Removing the dead blossoms helps to continue bloom and may often prevent disease from getting started. Plants stay healthier and produce more blooms if well spaced. Remove the weak plants and broken stems and give your vigorous plants a chance to bloom.

HOME CALENDAR

Years of Schooling Increased: Among the total population 25 years of age and over, the median years of school completed as of March, 1964, had increased by 2.7 years over April, 1947. The median in 1964 was 12 years, according to the U. S. Bureau of the Census. Fifty percent of all persons 25 years of age and over had completed high school in 1964; 34.5 percent had completed in 1947.

Children Benefit from Camping: Children who go to summer camps learn to get along with others of the same age. As a result, they gain practical experience in sportsmanship, sharing, honesty and cooperation. Also group discipline is more effective in teaching social responsibilities than hours of adult moral teaching.

Disconnect Electrical Equipment: Among the last things to do before you leave the house for a vacation is to disconnect all electrical equipment plugged into outlets, remind Penn State extension home management specialists. This will include clocks, lamps, toaster, iron, radios, television set, and the washer and dryer.

Pesticide Safety: When using a pesticide dust or spray, don't let it drift. Don't spray or dust if the day is windy. Also keep weed control chemicals away from your flowers, shrubs, and other plants.

Back Mountain 4-H Club News

by Debby Rogers
This is the week when 4-H activities go into a lull as 4-Hers go to camp.

Camp Brule in Sullivan County is the official 4-H for this area. 4-Hers go for a week to spend some time away from home and projects, meeting 4-H friends from several surrounding counties.

Activities at the camp include archery, swimming, boating, crafts, and sports. The day starts early and is very full. In the evenings there are 4-H songs and games around the campfire.

Camp ends Friday, and our Back Mountain 4-Hers will return to their regular club work.

Formost of the upcoming 4-H activities is the annual Junior Achievement Show to be held at the Bloomsburg Fair Ground. The show is open to all 4-Hers and FFA members.

Competitors at Junior Achievement

ment come from several nearby counties. There is competition in almost every category of 4-H work. There will be a horse show, a dog show, and other livestock events. Exhibits of vegetables, grains, and other projects such as photography will be an important part of the show. There will also be a demonstration contest.

Prizes at Junior Achievement are both ribbons and cash. Victory in any aspect of the three day show also brings much credit to a 4-Her.

It is hoped that many Back Mountain youngsters will take the trip to Bloomsburg August 16 to 18. It would be very worth while.

Shorts: The Luzerne County 4-H teen club softball team played the WARM radio "Softball Softies" last week. The 4-Hers lost.

The Calf Club had a meeting last Monday.

Remember Junior Achievement!

Tyler Memorial Hospital Will Be Dedicated Sunday Afternoon

The new Tyler Memorial Hospital, located on Route 6 between Meshoppen and Tunkhannock, will be dedicated Sunday afternoon at 2 o'clock, with representatives participating in the ceremonies.

The public is invited to attend the services, and also to visit the hospital during the open house tours being conducted at the new building. Having begun on Wednesday, the tours will be held on Thursday and Friday, from 2 to 4 and 7 to 9 p.m. On Saturday, only the 2 to 4 tour will be conducted.

The new hospital, costing \$1.5 million, will replace the former Tyler Memorial Hospital in Meshoppen, which has served the area well for more than a decade, but whose wooden construction fails to meet present-day safety standards.

The new building will contain x-ray, laboratory and dietary departments of sufficient size to serve a 100-bed institution. It will have two operating rooms plus a cystoscopy room for treatment of urinary diseases, and a fully-equipped nursery. The hospital will have its own auxiliary electric plant and oxygen will be piped directly into each room. A glass-enclosed sun deck gives an unequalled view of the surrounding Endless Mountains and the Susquehanna River valley.

When ground was broken on July 6, 1964, plans called for the construction of a 38-bed hospital. However, in view of expected industrial developments, a wing containing an additional 24 beds was added during construction.

Although the new south wing raised the cost of construction to the \$1.5 million mark, it reduced the per-bed cost far below the national average. The per-bed cost at Tyler is \$23,434, compared to a national figure of \$27,000.

Approximately \$310,000 was made available through bequests, while an additional \$225,000 was raised through public subscription. Grants from federal Hill-Burton funds amount to \$517,000.

The Raymon R. Hedden, of Dallas was general contractor.

Because they want the best for this little fella. Right now his only need is a savings account. But in the years to come... he'll use all the services of this full service bank.
