SPORTSMANS CORNER

by Jim Hopple

The other day I stopped in and had a visit with a good friend and a sportsman -- DAVE (DAVEY) KOZEMCHAK -- and while I was there Mrs. Kozemchak made some homemade noodles and I must admit it was quite a treat. The only question now is which is better, Mrs. Kozemchak's noodles or old Jim's homemade soup. By the way, DAVEY is back in school and is doing real well both with the studies and with the girls too. Let's face it, the whole family are a bunch of swell people no matter what.

GAME CAN COUNT: Many animals can count up to one. If you want to fool a big buck, walk into the woods with a pal and have the pal walk out. The deer counts one in, one out and assumes all's well until you harvest him.

SKINNED: Try tomato skins to liven up fishing. Drape pieces over bait and see if fish respond to color (?) or action (?) you decide which, but they say it works.

It would be difficult to pinpoint any one area in Pennsylvania as being the "hot spot" for stalking deer with a bow and arrow. Every county in the state registered some archery kills last year. A record archery harvest took place in 1964 when bowhunters reported exactly 1,600 animals.

As in 1964 season, archers this year will be permitted to take one deer of either sex. If a hunter is successful in bagging a deer during archery season he is not permitted to kill deer during rifle season.

Potter County led the state last year with a harvest of 163 deer; Lycoming County was second with 103 and Sullivan County third with 59. Legal hunting hours during the archery season are from 6 a. m. to 5 p. m. EST.

Waterfowl hunters are required to retain a fully feathered wing on each migratory bird while being transported.

Bow and arrow and shotguns not larger than ten gauge may be used to take waterfowl. Pump guns must be limited to a three shell capacity. Electric calling devices are not legal in the hunting of migratory waterfowl.

In accordance with federal regulations there are no open seasons on snow geese and swans.

No federal Migratory Bird Stamp is required to hunt snipe. All other shooting regulations apply.

WOODCOCK season opens at sunrise and **RUFFED GROUSE** and **SQUIRREL** opens at 7 a. m. EST on Saturday, October 16.

This week's hunting **SUNRISE TO SUNSET** TABLE is: Oct. 14, 6:17 to 5:30; Oct. 15, 6:18 to 5:28; Oct. 16, 6:19 to 5:27; Oct. 17, 6:20 to 5:25; Oct. 18, 6:21 to 5:24; Oct. 19, 6:22 to 5:22; Oct. 20, 6:23 to 5:21. Times are a. m. to p. m. EST.

Any questions or information you might have send to **SPORTSMANS CORNER**, BOX 408, Dallas, Pa., 18612 or phone 674-3529.
