

Dallas Senior High School News

by Elva Costello and Robert Graham

Last Friday, the March of Dimes assembly was held at the school. At that time, Mrs. Gordon S. Dietterick announced the beginning of the campaign and a Fun Night to be held here on April 2. Mr. Joseph W. Rakshys will act as chairman, with Mr. Samuel Davenport (Lake-Lehman) and Mr. John Baur (Junior High) as co-chairmen. On Fun Night, the main attractions will be two basketball games between the male and female teachers of Dallas and Lake-Lehman, a master of ceremonies, and special guests. Doors will open at 7:00 p.m., game will start at 7:30. Admission is 35c for students and 50c for adults.

The band concert preview will be held on Wednesday, March 16. Many varied melodies were presented. Some of the members performed in trios and other small group arrangements. The assembly was heartily enjoyed by all. We sincerely hope that the attendance for the concert tomorrow will compliment the band's efforts.

There will be a junior dance on Saturday, March 25. No definite plans for this have been made as yet, so we cannot give details except that it will be held from 7:30 until 10:30. Keep that date open on your calendar. The juniors need and deserve your support.

An up-to-date list on students accepted at institutions of higher learning will include these students:

William Kyle, University of Cincinnati and Penn State; Robert Graham, Wilkes College; Patricia Peiffer, Shippensburg College; Antoinette Petchkis, University of Bridgeport; Linda Parry, McCann Business School at Reading; Bonnie Rood, Wilkes College; Gail Hughes, Temple University and U. of P.; Peggy Reese, Bloomsburg State College; Linda Nicol, Reading Hospital; James Steinhauer, Susquehanna University; Marcia Checkon, Ryder College; Immaculata College and Mommouth College; Dale Pryn, Industrial Management Institute; Ernest Gay, Ashland College; Jeffery Townsend, Air Force Academy; Donald Lawson, Air Force Academy (Third Alternate); David Hess, Wilkes College; Jeffrey Townsend, Wilkes College; Ronald Steele, Culinary Institute of America; Thomas Finn, Lycoming College; Leo Isaac, Worcester Polytechnic Institute; Ronald Prutzman, Williamsport Community College; June Merz, Bloomsburg State College; Mary Ann Jacobs, King's County Women's Nursing College; Betty Rome, McCann School of Business; James Nixon, Lawrence Institute of Technology; William, Penn State University; Steve Kaschenbach, Wilkes College; Cynthia Kossavage, Penn State and Colorado Women's College; David Hess, Penn State University; and Bonnie Brobst, McCann School of Business in Reading.

Mary Knecht Makes Bucknell Dean's List

Mary A. Knecht, of RD 1, Harveys Lake, 1962 graduate of Dallas Senior High School, has been named to the dean's list at Bucknell University.

She is among the 440 Bucknell undergraduates with grade point averages of at least 3.2 from a possible perfect 4 who have qualified for the current dean's list. This honor roll includes 114 seniors, 113 juniors, 89 sophomores and 104 freshmen.

Miss Knecht, a senior, is the daughter of Mr. and Mrs. James J. Knecht, and is studying for a bachelor of arts degree.

Seaman Ronald Weaver Is In Mediterranean

Seaman Ronald P. Weaver, USN, son of Mr. and Mrs. Charles H. Weaver, Noxen, has deployed to the Mediterranean aboard the attack aircraft carrier USS Saratoga, which will operate with the Sixth Fleet.

In the Mediterranean, Saratoga will be the nucleus of a fast attack carrier group, and will be a highly mobile first line of defense for the Navy in Southern Europe, the Mediterranean and North Africa.

Saratoga will participate in several training exercises with both the South Fleet and NATO units. These exercises are designed to peak up and perfect NATO's military striking forces, and will parallel as closely as possible the conditions encountered in a wartime environment.

Between operations at sea, the carrier will make goodwill visits to several countries bordering the Mediterranean.

Dallas Postal Employee Wins Incentive Award

John Juris, rural carrier on RD 3, out of the Dallas Post Office, was cited recently by the Philadelphia Regional Office of the Post Office Department for his personal ingenuity. This Certificate was signed by J. J. Doherty, Regional Director.

Mr. Juris proposed construction of a collapsible table extension for his desk in the office, in order to work the mail, which relieved a bad situation on days when the mail is heavy. Because of the growth of the area, sometimes the carriers have to stack their mail on the floor.

Honor Roll Change

A change will be in effect relative to the Dallas Junior High School Honor Roll starting with the fourth marking period. A point system will be used with the following numerical values assigned: An "A" will be 4 points, "B" will be 3 points, "C" will be 2 points, "D" will be 1 point and an "F" will be 0 points. In order to make the Honor Roll, a student must have a 3 point average. This will be computed in major subjects only. The system of evaluating minor subjects will remain as is.

No student will be placed on the Honor Roll with more than one "D" in a minor subject. Major subjects are those meeting four or five times a week. Minor subjects are those meeting less than four times a week.

Unpredictable Taste In Books Is Constant Challenge To Librarian

by Mrs. Richard Dale

It is difficult to predict just what, why, and when the spirit of a child is moved to pay a visit to the library to get some books. There are so many other things to do! Home work, even for the quite young, the movies, scout troops, Little League, music lessons, dancing lessons, and, of course, television! But eventually there is the allure of a book and so, the library.

There are the avid readers who come just as regularly as the weather. They are just as indifferent to situation on days when the mail is heavy. Because of the growth of the area, sometimes the carriers have to stack their mail on the floor.

They are asking for Mary Poppins, too, and the Sound of Music, Winnie-the-Pooh, the Ugly Dachshund, Peter Pan, the Wizard of Oz. Recently STUART LITTLE, that endearing book by E. B. White, was done on television. They want to read that.

These are the spring fancies. Always they are looking for books on history, science, space, boats, fishing, guns, codes and a thousand and one other things from their very little minds.

The Back Mountain Memorial Library is doing its best to provide them with what they want. It is also trying to provide the necessary impetus toward what they should read as well as what they want to read.

want gory mysteries, some want scary ones, some ghostly ones. And who is the favorite? Alfred Hitchcock! They don't always get what they want. Usually they are cheerful about it and can be guided to something else. Preferably something better!

Penn State Poultry Products Short Course

The annual Poultry Products Short Course of Pennsylvania State University will be held April 27 and 28, 1966, on the main campus.

An unusual and interesting part of the program is a "Housewife Panel", when members will discuss their likes and dislikes of poultry products and the manner in which they are marketed.

Other areas to be discussed include product processes, egg pasteurizing, egg products, cooking yields, fats, composition and flavor of poultry meat, labeling, standards of identity, product development, and market survey. A quality lab is also on the program.

Any individual 16 years of age or older is eligible to attend. A complete daily schedule and information concerning the course is available from the Short Course Office, 206 Armsby Building, The Pennsylvania State University, University Park, Pa. 16802.

Falcons

The Falcons have ended their season on a rather sad note, losing to Luzerne 66 to 55. We led throughout most of the first quarter but could not find the range during the remainder of the game. But the Falcons season was a successful one as our team ended up in second place with a 10-3 record. So congratulations boys! We are proud of you.

Talent Assembly

An assembly featuring some of our talented students was held on Wednesday, March 9. "The Shady Ones," a musical group made up of Ron Circo playing the lead guitar, Gene Rymer on the drums, and Ernie Evans playing the bass guitar made a tremendous hit. We are

sure we will be hearing more of this group. Jean Beagle and Debbie Dixon also sang several solos and each accompanied herself on the guitar. The band played several numbers and our majorettes gave a twirling exhibition. We'd all like to see a repeat of the assembly or more assemblies of this sort.

Report Cards

The marking period officially ended on Friday, March 11. Report cards will be handed out tomorrow. We are sure everyone did their best.

Intra Mural Basketball

The Intra Mural basketball leagues have finished their regular seasons schedule. We'll announce the name of the championship team next week.

Summer In South Am. And Japan With The American Youth Hostels

Two trips are planned this summer by the American Youth Hostels for those adventurous travelers who want to "get to know" SOUTH AMERICA or JAPAN.

The South American Circle Trip leaves by jet on July 7 from Miami in small groups guided by experienced leaders. Countries on the tour include Panama, Colombia, Bolivia, Peru, Chile, Argentina, Uruguay and Brazil. The trip, costing an all-inclusive \$1055, returns to Miami on August 17.

The small groups allow for unique freedom within a thoughtfully planned itinerary. Individuals may elect to see an out-of-the-way area; the group may make on-the-spot decisions on their daily plans. A shopping tour or time out for summer skiing in Chile are two popular choices. Individual arrangements may be made to join the group in Panama or, at the trip's end in Rio, to stay up to a year with the same round-trip fare agreement.

The Hostelling Adventure in Japan, also featuring small group travel, leaves from San Francisco June 19, returning August 17, at a cost of only \$720. Special travel bonus: this trip is entirely arranged

by the Japanese Youth Hostel Association and includes local civic receptions and home hospitality.

AH travel is informal and group members become acquainted with local people as well as cultural and historical highlights of each country. Trip members come from many areas of the U. S. and other parts of the world.
