SPORTSMANS CORNER

by Jim Hoppie

I was very much surprised to read in the other weeks Post about Mal Kitchen leaving the area.

I met Mal while showing some Pennsylvania Game Commission film to his boy scout troop in Shavertown. And it was at this meeting that Mal asked me to be the assistant scoutmaster of Troop 231. So began my scouting leadership work. How ever, I spent a year as asst. scoutmaster and then took over as cubmaster of Pack 281 of Dallas.

Mal Kitchen is a real outdoorsman and so I know that he is going to love his work with the Pennsylvania Dept. of Forests and Waters.

It's good to know that we have people like Mal Kitchen to help conserve our national resources.

Mr. and Mrs. Charles Gabel, Chuckie, Janet and Debbie, Davenport Street, Dallas, have returned after spending some time vacationing at West Port Ontario, Canada, where they enjoyed some fishing and the great outdoors.

Mount Zion

Tuffy barked like fury when a Cadillac drove into our drive last Saturday. There were two small dogs in the back seat who paid no attention to outside disturbance. Well trained riders, "don't talk to the motorman" kind. The driver, an attractive young woman looking strangely familiar walked up the walk and asked if I knew who she was. "You remind me very much of Helen Harris", at which she smiled clear across and admitted identity. I married Helen Harris of Mt. Zion to A. Roy Saunders in the Mt. Zion Church on May 27, 1945. Mr. Saunders is English, brought up in the Church of England where congregations at weddings sing. This was the first and only ceremony I ever had with congregational singing and the hymn "O Perfect Love" seemed appropriate. Helen, Roy and children Carol, 18½, and Richard 15 live in Rockville, Md. Roy has worked all these years at the British Embassy in Washington. Helen's parents are Hiram and Elsie Harris of Milan, formerly of Apple Tree Road, Mt. Zion. Catherine took Helen around the estate and we all had a wonderful visit.

TUFFY FEELS BETTER
 He eats better, sleeps better and is movingly happy with Cathy back home from the music conference in Williamsport. Tuffy's tail is strong enough to wag his whole magnificent body clear to nose-ends.

NEW ARRIVALS VIA POSTAL SERVICE
 The 4 copies of the new Methodist Hymnal I had ordered for the family came. I wrapped one up and sent it flying by air to Africa so Dottie could begin enjoying it right away.

WORDS - WORDS - WORDS
 Next came Random House's Unabridged edition dictionary, bringing up to date whatever one needs to know about our language. Every try to see all a dictionary has to say about the letter "A". The Ringtown, spent last week with Mr. and Mrs. Sam Bronson.

Thomas Gensel is a patient at Nesbitt Hospital.

Thomas Pucci returned last week after being a patient at Nesbitt Hospital. He is son of Mr. and Mrs. Thomas Pucci Sr.

Mr. and Mrs. Robert Thomas, Florida, spent the weekend at their North Lake Cottage.

Mr. and Mrs. Lewis Petroski and family, Jersey Shore, N.J., spent a few days last week with the former's mother, Mrs. Jennie Stefanowicz.

Mr. and Mrs. Marvin Lombardi, Newark, N.J., recently visited Mr. and Mrs. Charles Long and family. The Longs and Lombardi's became friends during a trip to Nassau, sometime ago.

Patsy Hoover, Emerson, N.J., and Dean Long, Philadelphia spent the weekend with Mr. and Mrs. Charles Long and family.

Mr. and Mrs. Albert Pointek Jr., and family, Johnson City, and Mrs. Albert Pointek Sr., Swoyersville, were recent callers of Mr. and Mrs. William George and Mrs. Vida Kitchen. Mrs. Hazel Lynn, Muhlenburg also called on them.

entry includes a lot about the use of "a" through many meanings clear to the AAAAAAA's signifying the "narrowest proportionate shoe width". And the last entry quite understandably if you have been trying to read all of it at once is zzz symbolizing the "sound of snoring". The two or three hundred thousand word entries in addition should be quite informative.

A NEW PROJECT
 It is under way, after some measuring difficulties involving a wall bowing about 3 inches out of plumb, is a new set of shelves to house our National Geographic magazines. We have nearly a complete file from 1918 on. We can't bear to get rid of any. It was in 1926 according to the notation on the flyleaf that I undertook to bind by hand the 1918 volume. It is not too bad a job and it has held up these 40 years. It was my one-time hobby. If I get a plumb and squared set of shelves built in with that bowing wall, and dust-proof doors fitted it will be an achievement for one who doesn't often succeed in measuring a place and a piece to fit that measure!

AUCTION BUZZINGS
 People are being reminded to make, bring, send or pay for things for our Mt. Zion auction on August 27.

HOME FROM THE SINGIN' SCHOOL
 Cathy came home last Saturday oozing, humming, singing, talking the New Methodist Hymnal. She was privileged to hobnob with the editor-in-chief and other staff members last week. She wrote Dottie that she hadn't stopped talking yet! Too bad for all that enthusiasm to go to waste, so I invited her to give a talk on the New Hymnal at Huntsville next Sunday. They are such nice people over there that it has been a real pleasure to minister to them for these three Sundays.

LOCAL REPORT
 At Norman Lewis' house is his daughter Patricia, home for the summer vacation from teaching down in Maryland.

High up a hillside near Nelson Lewis' apple orchard stands a new mobile home. Down on the roadside is a mailbox with the familiar name on it, Willis I. Hawkins! Welcome back to these hills.

Roy Thomas walking our road with 5 adorable grandchildren about him is a sight we like to see.

NEW AT THE CHURCH
 A new electric stove, water heater and folding chairs and on the grounds more black top drive and parking area.

Hillside Holstein Score
 Dairy cows in area herds have been credited with recently completed lactations under official production testing rules of Holstein-Friesian Association of America. These Registered Holsteins and their actual performance records are:

Hillside Superb Patience 58076, a two-year-old, produced 15,180 lbs. of milk and 652 lbs. of butterfat in 365 days. Hillside Majestic Princess 5373855, a three-year-old, had 18,364 lbs. of milk and 618 lbs. of butterfat in 365 days. Hillside Marina Reflector 4986021, a five-year-old, had 17,094 lbs. of milk and 603 lbs. of butterfat in 261 days. All are owned by Hillside Farms, Inc., Trucksville.

These new production figures may be compared to the estimated annual output of 7,880 lbs. of milk and 285 lbs. of butterfat by the average U.S. dairy cow, notes the national Holstein Association.

Pennsylvania State University supervised the sampling, weighing and testing operations in cooperation with the Holstein organization's herd and breed improvement programs.
