Side view of Concord's \$200 wafer-thin pocket watch. How do you like it? All right. It doesn't disappear entirely when viewed from the side. But this is a very skinny dress watch, 14K, Swiss precision movement, and so beautiful that no man can resist referring to it a dozen times an hour. This may well be the timepiece which breaks America's wrist watch habit. Brave words from us, who also sell magnificent Concord wrist watches. See our Concord's, for pocket or wrist, today.
