## Losing A Good Man

With the purchase of a home in Dallas Township we shall be losing the services of John Funke, supervisor, who has done a good job while on our Board.

John has been most conscientious, generous and most courteous to the folk who came with their problems. No one can say that he has not been most fair in all his dealings and we shall be sorry to see him go. His talents and those of his wife have also been of great use in setting up the Sewage Authority, another important post.

In his short time in office he has made many friends and another community will certainly see fit to utilize his interest and his talents. John expects to serve until the completion of his term at year's end.

## Allentown Visit

We drove Susie back to Allentown on Friday evening and since the Fair was in progress Fred wanted to take in the "great spectacle" as advertised. It was most disappointing and I would say that Bloomsburg Fair certainly tops it. Perhaps we were early but we did expect to see more live stock which was missing in large numbers. The whole thing was highly commercialized and I understand the old-timers who would never miss it, feel the same way.

There were plenty of booths and the Penna. Dutch were represented in small numbers showing some of their crafts and selling some of their goodies. The 4-H had a nice display, the canned garden produce and a few peddlars from their native countries representing Switzerland, India and Holland had some

attractive wares but I would never again waste my time at the affair.

A ride through the countryside was much more inviting and we visited Muhlenberg College which is located on beautiful grounds and a credit to its sponsors, the West End where everyone longs to dwell, then out through South Mountain to Emmaus and Macungie, the latter where the new home of Pastor and Mrs. Frederic Eidam is located. On the way back there was a country auction with real old time flavor where the folks from far and near flocked to buy bargains from a jolly auctioneer.

The Rose Gardens in Allentown were lovely and although the roses were not in their full season the other blooms were delightful surrounded by most pleasing fountains and the abundance of petunias flowering lavishly lent a festive air. It is a nice town and Bill and Sue are most happy there. We were most pleased to share their second anniversary with them.

# JACKSON TOWNSHIP

As we drove home Sunday evening after taking the news items to the Dallas Post, we saw a heart-warming sight. Mr. and Mrs. Leo Yascur and all their youngsters, except the baby, were busy with paintbrushes or tools, on the home they are building. In this day, when members of families seem to scatter in all directions, it was refreshing to see a family working together for their common good. The Yascurs can be proud of their youngsters.

Sandra Slimak, who is spending the summer with her mother, on Steele Road, is in the Mercy Hospital, where she is undergoing tests. If any of her former schoolmates and friends wish to send her a card, she is in Room 247.

# HARVEYS LAKE

I doubt it there'll be any more movies shown at the Warden Place Beach. James Ward, president of the Association told me that the movies and the dance they had on July 27th on the grounds of Our Lady of Victory Chapel were both such "failures" that he is quite discouraged with it all. What's with the kids around here this summer? They just stood around all evening, so the dance ended about 10:30. Don't these kids realize that it's their parents money that is paying for the orchestra and refreshments. My son, who just turned 13, told me most of the kids didn't dance because their parents were there watching them. Then, too, why set an age limit? Why not let them all come and enjoy themselves? See if the next dance will be better if the parents come see,

but (don't stay), remember you were a kid, once, yourself and you didn't want your parents watching every move you made!

Nice to see "Bill" Mann Jr., up and around again. We understand he was quite sick with that virus bug that's around.

Our son John landed in the doctors office on Tuesday morning. He had an infected ear, sore throat and ran quite a fever. He's coming along fine now.

Mrs. Sophie Monick of High Street, is home again after being a surgical patient at General Hospital recently.

Heartfelt sympathy of this community is extended to Mr. and Mrs. Michael Kuzminski of First Street, on the recent death of his brother James.

"Sandy" Tattersall is spending a few weeks with her aunt Nancy in Baltimore. Won't she be a surprised girl when she finds out her father has bought a beautiful 3-year-old pony? Her sister Kathy has all the neighbors kids "green with envy" when they see her riding him.

Due to ill health, Mrs. Jessie Humphreys, of First Street, has sold her home. We all feel bad as she was such a wonderful neighbor and her mother and father, (The George's) were one of the first families to settle here at Warden Place.

Weekend visitors of Mrs. Hazle Gillette were, her daughter, Barbara, and husband, granddaughter Susan, and husband and grandsons, Wayne, Craig and friend Charlie. All hail from Virginia.

The Warden Place Auxiliary held their weekly meeting at the home of Mrs. Marie Valenti, Second Street, plans were completed for the Annual Bingo which will be held on Wednesday, August 16 at 8 p.m. at Twin Lakes. Anyone wishing tickets, please get in touch with Mrs. Raymond Davenport, Second Street. Refreshments were served to: Mesdames Paul Dooley, William Thompson, George Kromack, William Croughn, Wilson Flock, Charles Croas Dale, L. C. Harris, Robert Nogan, Robert Hoover, John Reisinger, Raymond Davenport, Thomas Bozek, Moses Sirotkin, Nicholas Desiderio, James Desiderio, Theresa McGinnis, Ethel Tribeneck, Hazel Gillette, Louise Morris, Mary Meirs, Margaret Murray, Marie Valenti, Margaret Shiner, co-hostess, Kitty

Helerich, Miss Nadine Flock and guest, Miss Jill Sirotkin. The next meeting will be the last one as the Family Picnic, Christmas Party and the Farewell Party follow.

## Sunset Beach Meet

The Sunset Beach Association will hold a meeting on Friday, August 11, at 8:30 p.m., at the home of James Britt, who is president of the association, on Hillside Avenue, Sunset. Everyone is welcome. One dollar nite will be held. Refreshments will be served. Plans will be discussed for a farmer dance to be held at a time and place to be announced. On August 13 there will be a "Polka Weekend" at the Sunset Beach, starting at noon. Public is invited.

The Harveys Lake Rod and Gun Club, Inc. held their regular monthly meeting on Monday evening at the Clubhouse.

Nine new members were accepted by the Club. These new members, along with regular members, will hold their annual outing on August 13, at the club grounds.

Items of interest — the club purchased a 25 acre plot adjacent to the club grounds, and the second reading of the revised by-laws, was presented and will be voted upon at the next meeting.

A movie "The Myths and the Parallels" a story of conservation was shown. Compliments of the Game Commission. Forty three members attended the meeting.

## KEEP ASHTRAYS AROUND HOUSE

Want to keep your home safe from fire?

One way, says the American Insurance Association, is to keep plenty of ashtrays around — at least one in every room.

It's a good plan, the Association adds, to keep a stack of spare ashtrays in a cupboard so that they can be brought out quickly if friends drop in.

Plenty of ash trays help prevent fires; also they may keep careless guests from burning marks on your furniture and floors.

And don't overlook emptying them often. It's a good practice to do this nightly before going to bed. But be sure to use a covered metal can for this purpose.

We have a gas grill and gas light in the yard, and our swimming pool is heated with gas. But even with these extras, and all our gas appliances, our gas bill is very reasonable... you just can't beat it!"
