SHAVERTOWN

Pioneer Is Paved
 Pioneer Avenue has really been transformed with the laying of a new pave all along the thoroughfare. Folks are very pleased but the only question in their mind is the possibility that some fool motorist will make a raceway out of it and we can count on more traffic.

We were amazed at how quickly the paving was laid, quite a change in equipment and methods since the original was covered 18 or 19 years ago.

Brothers Of The Brush
 Boy, these boys are really beginning to sprout some brush on their faces, my son among them. I can't honestly say that in all cases there is an improvement in appearance, but a guy needs an excuse to grow a beard sometime in his lifetime, I suppose.

The weekend marked the last vacation period before school began and many of the mothers told me that the youngsters are really ready to return to classes and the many activities involved. It was hardly an ideal summer but then the drought of past years should have been alleviated. You can count on produce being high this winter.

By the way, we caught a big fat woodchuck and wonder if this was the culprit involved in the cornfield. Time will tell.

Tarrytown Notes
 I had another nice letter from Mrs. Harry Ritts, Sr., who lived here for so many years and is remarkable for her age. She sent me pictures of the old, remarkably well kept silver communion goblets which were used by the original builder of the Old Dutch Church of Sleepy Hollow in Tarrytown, N. Y. The master of the estate, Frederick Philipse and his wife, the former Catherine VanCortlandt drank from these very vessels. They were willed to the church by Mrs. Philipse and on August 6 they were used for the communion service held there by the First Reformed Church of North Tarrytown which became the successors. This was only the second time that communion was administered here and the congregation must have gone back to those historic days as they partook of the bread and the wine.

Also in possession of the original communion table and the baptism bowl of the Philipse family, the church has been richly blessed with heirlooms.

More Volunteers
 Sometimes when a correction is made in an article, lines are deleted or other errors appear and this is probably what happened with the list of cancer volunteers appearing in last week's paper. Let me add

at this time the names of Mrs. James McFarland, Bonnie Barnard, Kathy Biesel and Mrs. Edward Zaleski. Our thanks to them.

Here And There
 It was pleasant news to learn that Mrs. C. Tyler Burt, the former Marianna Reiley, daughter of Mr. and Mrs. Frank Reiley, is teaching at Florida State University in Tallahassee, where she is an instructor in the Humanities.

Our very sincere sympathy to Mrs. Anthony Plata and family in their untimely loss. Tony was a real worker with the Fire Company and was always ready to lend assistance. We shall miss him.

"Doug" Nicol is still in Greece where he was sent with the Air Force some months ago during the Arab Crisis. With his special training in languages he is in the right place and of great aid to the American interests.

His sister Linda has returned to classes at Reading Hospital, where she will begin her second year's training as a nurse.

Among those returning to classes will be Bill Hontz, who is a student at Bloomsburg College.

Mrs. N. L. Silverman tells me that her brother took the youth injured on that tricky Carverton curve to the hospital following the accident in which he walked many miles for aid, in such a dazed condition was he.

Mr. and Mrs. Ernest Ashbridge, Jr., and children spent last week at Wildwood, N.J., and Levittown. We were happy to learn that Mrs. Bernard Gerriv, who lived here prior to her accident, has purchased a home in Centralia and is now residing there.

Miss Linda Woolbert will shortly be returning to Susquehanna University to complete her senior year. One of our fine young teachers, Jeannie Merolla, will be teaching history in the high school of the Wallenpaupack School District this year.

Our best wishes go to Susan Karl, who following graduation from Geisinger will nurse in Boston.

Another young lady who just graduated from General Hospital, Sylvia Phillips, plans to nurse in New Jersey.

Sincere sympathy is extended to Louis Cottle and family in their bereavement. Mrs. Cottle was one of the finest women it was our privilege to know.

The little fellow who delighted our hearts has gone to Michigan for several weeks to see his other grandparents and attend the wedding of his Auntie Ruth. Fritz left with his mother on Wednesday, taking his

first airplane ride which he enjoyed until the last stages when the plane had to circle the Chicago Airport for an hour due to heavy fog and air traffic. Dottie told his Daddy that the last half hour upset him but there were others bigger than he who felt the same way. He will have a lot to tell in his expressive way when he comes home again.

His sister Christine, who is really growing by leaps and bounds, will also have changed a lot when she returns to Shavertown.

Wesley Stahl and sons and Mrs. Grant Holmes, Washington and Silver Springs, were weekend guests of Mr. and Mrs. John Stahl. Mrs. Emma Stahl will be returning with them.

Mr. and Mrs. Henry Hill visited Expo 67 in Canada last week. Jay C. stayed with the Jim Millers in Binghamton, N.Y., former residents of our community.

Mr. and Mrs. Thomas Andrew spent the weekend in Philadelphia, where they were the guests of his daughter and son in law, Mr. and Mrs. Robert Daniels. While there Tom toured the Fairmount Park Zoo with his granddaughter.

Flew Here
 Mr. and Mrs. Stanley Wills were happy to see her cousins, Mr. and Mrs. Emyln Bowen, Bismark, N. Dakota, and Wendell Bowen, Billings, Montana, arrived on Friday to spend the weekend. The Bownens flew here in their own plane and left Tuesday morning to go on to Expo 67 in Canada. While there they attended the Haymarket Antique Sale with the Wills family.

If you have a weekend left before the cold weather, there is a lovely place to visit at Sterling Forest Gardens, Harrison State Park near Bear Mountain Bridge in New York State. Not only is there a gorgeous arrangement of flowers and shrubs but also an animal show which the kiddies would enjoy and it is said that the creatures are trained psychologically by tempting tidbits. It is on Route 210.

Beautiful Yards Are Possible Through 4-H

Did spring plans for a beautiful yard this summer somehow go astray? Do the flowers look all mixed up? Are the new shrubs in the wrong places? If the answer is "yes" start now to avoid the same situation next summer.

How? By looking into the 4-H Community Beautification program offered to your sons and daughters by the Cooperative Extension Service. The County Extension office or a local 4-H Club leader can assist in enrolling your children (ages 9 to 19) in 4-H.

If youngsters get into the community beautification program, they will soon learn how to plan and maintain an attractive yard. With a little parental encouragement they could take over planting, mowing, trimming, and in fact, complete responsibility for the home grounds.

If the yard is already in good shape, son or daughter can help with a community project. Some 4-H Clubs volunteer to landscape church grounds, eliminate blighted areas along roads leading into town; keep small parks attractive; help maintain the cemetery if no paid

Local Citizens Using Governor's Office

An average of 250 people a day are using the Governor's Branch Office now set up in 11 Pennsylvania cities as human services centers and communications links between Gov. Raymond P. Shafer and the people.

The Wilkes-Barre office is located at 222 East Market Street, Wilkes-Barre. Governor's representatives at the Branch Offices report that many of the problems brought into the recently-established units concern em-ployees in employ-employer relationships.

While the bulk of the problems are in areas beyond the direct control of government, many are being solved through direct contact with the principals involved.

The problems relate to civil rights, housing, education, recreational needs, business practices, transportation to work, child custody, child support orders, and many other subjects.

Gov. Shafer said the purpose of the Branch Offices, "is to obtain for me direct communication with citizens. They will hear citizens' problems and complaints and make referrals to appropriate resources where help may be obtained. They will address themselves vigorously, in my name, to the swift elimination of arbitrary and unnecessary delays in the provision of services to legally entitled persons," the Governor added.

Secretary of Public Welfare Dr. Thomas W. Georges, Jr., who has been assigned primary responsibility for directing Branch Office activities, said "the mission of these offices is to help people wherever they can and to bring together the people and the services they need."

Office hours are from 7:30 a.m. to 10 p.m. Monday through Friday, and from 9 to 5 on Saturday.

JUDGING ANEMIA
 Q. Are pale lips a sign of anemia?
 A. They can be, but the creases in the palms of the hands are probably more reliable for judging pallor than the lips or other mucous membrane areas. Unless anemia is severe the skin creases across the palms of normally show a bright pink color. The reddish-pink color is constant regardless of how pale the intervening skin appears. Although these signs of anemia may be of general interest, the diagnosis of anemia should be made by a doctor on the basis of laboratory blood studies.
