homecoming to Dallas

Another first is being established for the Dallas Senior High School, this time through the combined efforts of the Student Council and the Junior Class.

Thanksgiving morning, the date set for the traditional "Old-Shoe" football game between the Dallas Mountaineers and the Knights of Lake-Lehman, is to take on another aspect as Dallas holds its first Homecoming.

Festivities start out with a motorcade to the Dallas field. Kickoff is at 10 a.m., with a promise of an exciting game to come. A special program will be presented by the Dallas band during half-time, highlighted by the crowning of Homecoming queen by class president Jeff Eyet.

The queen, one of seven senior girls nominated by the class of '69, will have been chosen by a vote of the whole school.

Home for a turkey dinner, and then back to the school gym at 8 in the evening to round off Homecoming with a semi-formal dance with "The Buoy's" providing the music for the next three hours.

service to military families

Mrs. Ray O'Brien, Chairman of Service to Military Families, announces that appointments are now being made at the Wyoming Valley Chapter House of American Red Cross for recording "Voices from Home" greetings to servicemen who will not be able to get home for the holidays.

This free service is available to all families of servicemen, and it provides an opportunity to send a bit of home atmosphere even though he is half way around the world.

Appointments for recordings can be made by calling Service to Military Families at 823-7161. 7161.

muskrat

The 1968 trapping season for mink and muskrat will open at 7 a.m. on Saturday, November 23, and continue through noon on Sunday, January 12.

Pennsylvania's muskrat population has improved considerably during the past two years, and the supply of mink remains strong, with some expansion of their range.

Dallas Booster reunion

Members of the Dallas Area Lettermen-Booster Club met at the American Legion Home in Dallas last week to make final plans for the Athletic Reunion on Thanksgiving Eve, the night before the "BIG GAME" between Dallas and Lake-Lehman.

Ned Hartman is chairman of the "Boys' Night Out" which will be held at the Legion Home on Memorial Highway on Nov. 27. The players, fathers and coaches will all be present. The Boosters have especially extended an invitation to coaches and players representing graduates of Dallas during the last six to ten years. They are urged to join the group Wednesday night, see old friends and meet the team, then

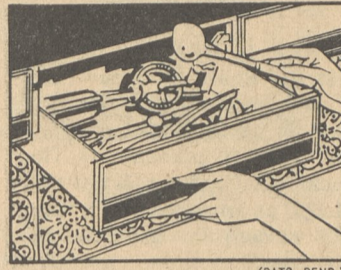

stay after the boys go home to have an old-fashioned get-together.

The players will be taken home by 9:30, curfew for the night before a game. Before leaving, they will stand in line so that all present can personally meet each one.

The Reunion will be a chance to show appreciation to the boys for their determination this season and to give them inspiration to get out on Thanksgiving and "sock it to 'em" and "TAKE THAT SHOE"!

Bob Parry is chairman of the big game which will have as a highlight the big souvenir program put out by the boosters.

outlook for bear poor

Pennsylvania's big game hunters are expected to have more difficulty locating bruins when the one-week black bear season opens November 25 than they have had during the past two seasons.

Game Commission personnel indicate that the outlook this year for bear hunting is rather uncertain. Hunters reported taking 605 bruins in the Keystone State in 1966 and another 568 in 1967.

In addition, several hundred bears have been lost during the past two years through road mortality, illegal kills, etc.

Harvests of this magnitude almost certainly mean that fewer bruins will be available for hunters in 1968.

And studies being conducted by the Cooperative Wildlife Research Unit of the Pennsylvania State University indicate that there has been a drop in the bruin population in north-central Pennsylvania.
