Born in Aliquippa, he attended Penn State and received the BA degree in chemical engineering. For the past four years, he and his wife have resided in Trucksville.

people that some of them said, "They make the best kind of dogs!" And again many said, "Aren't we all?" Well anyway, we enjoyed visiting and especially with Carol.

And a man had to unlock the door so we could go out to our car!

Spring's refreshing days have come. Making me eager to get outside with rake and shovel and wheelbarrow. But alas, my enthusiasm for getting into the work doesn't hold out. Even for what I call "light work," just raking stones to clear the grass cutting places. Seems strange, because I did not run any amount of fever. But of course I was in bed for nearly two weeks. And "grounded" for some time after that. Somehow it doesn't take much to begin wheezing again. But I know that time is a great healer.

So is God! Catherine and I went down to Exeter Township School to fulfill a promise she had made to some of her choir children that when they were ever to play in the school orchestra in public she would go. So we did. And we both thoroughly enjoyed the whole program. Mr. Tarantino is doing a fine job of teaching youngsters music. Catherine can see the results of his work when she is training her choir. They have learned to read music and know something about how it ought to sound. So we had a good time and enjoyed the coffee and cupcakes provided afterwards.

It is reported that Mrs. Lucy Howell has been transferred from the nursing home to Nesbitt Hospital and is not in good condition.

Since our service was at 9 o'clock last Sunday we had time to go down to West Pittston to attend the Presbyterian church there. We had a number of reasons for going, one was that we wanted to hear our "Christmas Carol" play the organ. Carol Sutton Swanson is the organist and choir director there. And also Rev. McMillan the pastor called on me twice in Nesbitt Hospital when I was there and I did appreciate his visits and his bedside prayer for healing. Then I was brought up in the Presbyterian church and I found that down in West Pittston they sing the Gloria to the same tune I grew up on, and say the same rendition of the Apostles Creed and the Lord's Prayer. So I felt at home. Besides the people were all very friendly. The sermon had me thinking hard for awhile, for the theme was "Where Are You?" and as he went on developing his points I was at first unsure how I would answer the question of the sermon. But by the time the end came I knew:

For I could not qualify as either this or that pidgeonhole but decided I could and did qualify like my dog Tuffy: for I am a mongrel! When I told
