Members of the Auction Antiques Committee gathered at the home of Mrs. Louis Maslow for a social hour and exchange of ideas June 30. In the group, standing next to the hostess, is

Mrs. Ray Shiber, who annually lends her experience in judging of antiques. Mrs. Fred Howell, life member of the antiques committee is seated at the tea service.

## HARVEYS LAKE

Well ladies, that time of the year is fast approaching, and once again we ask you to look around your house, and see if there are any saleable items that you won't be using, and donate them to the White Elephant Booth for the annual Harveys Lake Firemen's Fair, which will be held at Old Sandy Bottom on July 29 and 30.

We can use items such as plants, books, jewelry, lamps, knick knacks, dishes, etc. no clothes please! Save the clothes and anything that's clean and wearable for the rummage sale which will be held some time in August by the Harveys Lake Women's Club. For pick-up, call Mrs. Ret Nelson.

Now a little sad news for you auction lovers. The Eastern Star will not hold an auction this year. The mortgage has been paid off on the lovely new building they have in Dallas and so they feel that they have all worked hard to achieve their goal.

Mrs. Cathering (Pat) Corbett, of Second St., Warden Place, who was recently appointed Home Service Nurse for the United Cerebral Palsy of Wyoming Valley, has returned after spending a three day

Home Service Nurse's Training Institute at Elizabethtown College at Elizabethtown, Pa. This program is sponsored by the Pennsylvania Elks.

The Harveys Lake American Legion, Auxiliary Unit 967, presented its annual eighth grade medal awards Day, May 23, at Lake-Lehman High School. The medal awards were presented to Linda Tough and Anthony Ferrara. The Essay winner was Dwaine Edwards with Donna May Post as runner up.

Mrs. Leo Yankoski, Americanism chairman made the presentation. Present were Miss Bator, Anthony Ferrara, Linda Tough, Dwaine Edwards, Donna May Post and Anthony Marchakitus, principal. Auxiliary members were Mrs. Rinaldo Cappellini, president; Mrs. Leo Yankoski, Americanism chairman; Mrs. Joseph Desiderio and Mrs. Howard Engelman. Committee for the Annual Show, to be sponsored by the Jonathan R. Davis Fire Co., Idetown, met recently at the fire hall to make plans for the show grounds on Route 118, in late July.

In the absence of Michael Godek, show chairman, the meeting was in charge of Harold Grey, general chairman, who was assisted by Walter Blejwas, secretary for the show, and Mrs. Donald Clark, secretary in charge of entries.

Committee members attending were Donald Clark, in charge of stabling; Bradley Ide, Edward Kupstas and James Casterline, in charge of refreshments; Lloyd Jennings, in charge of seating; Lester Hoover, in charge of ring activities; Don Watson, Bill Casterline and John Chestnovitch. The committee will meet each Friday to speed preparations for the annual event.

The Harveys Lake Yacht Club held its first covered dish supper of the season, June 24 at the clubhouse. Following the supper, a general membership meeting was held. Commodore Robert Cassel-

berry discussed plans for the Yacht Club's summer activities. William Baker presented the treasurer's report and Mrs. Dorothy Chaney presented the secretary's report.

Following the meeting, Dr. Karl Arbogast introduced Dr. George Truckenmiller who showed a film on "Surfing and Sailing in Hawaii."

Mrs. Frank Strojny, chairman of the women's auxiliary, reported on the women's activities for the summer season. Assisting Mrs. Strojny were Mrs. Dale Campbell, Mrs. Marie C. Line, Mrs. F. Jorge Abrantes, Mrs. Royal Culp, Mrs. James Alexander and Mrs. John Peipon.

Michael Kosminsky, of First Street was admitted to General Hospital on Saturday evening, June 21, as an emergency surgical patient. Mrs. Kosminsky called me on Sunday, and said that the operation was a success and that Mickey is coming along just fine. We all wish you a speedy recovery Mickey.

## Higgins on policy council

Conrad Higgins, a delegate to the 31st Annual Convention of the Communications Workers of America in Kansas City, reports that the Union has gone firmly on record supporting tax reform in this session of Congress.

Higgins was a delegate from CWA Local 2571 in Dallas at the week-long convention. Delegates, alternates and guests heard the Union speak out on such major national issues as hunger in America, the need for uniform voting laws and for electoral reform.

Mr. Higgins was elected to the Collective Bargaining Policy Council. He will represent the independent telephone company in a multi state area. Resident of Dallas, he is president of his local.

## MOUNT ZION

continued from PAGE 10

always an enjoyable gathering. The Weatherlys enjoy their retirement in that atmosphere of natural beauty and sharing it with their many friends. One lady looked at me and suddenly reached to greet me by saying, "I always enjoy your column in the Dallas Post!" I always enjoy such greetings because writing for this paper for the past ten years has added a great deal of pleasure to my own life. The memory of Howard Risley is always fresh whenever I think of my relationship with this Back Mountain paper, for he got me at it and for too short a time guided me in it. Honored memory!

It was interesting to me to chat a bit with men whose professions were in fields in which I am wholly ignorant but not without a desire to crowd in beside a knothole in the fence surrounding big construction projects and watch the wheels go 'round and the concrete run, and buildings grow tall.

Such I did in spirit when I talked with Carl Hedden who is the president of our Oratorio Board now, and does big construction work behind tall fences—with knotholes in them! I told him that if I didn't have to go so much by car I would enjoy being a sidewalk superintendent!

Another man I enjoyed very much was Al Sincavage who is an architect. It had occurred to me how much detailed knowledge of many spheres of activity an architect has to know about. For instance in planning a medical building, how much he has to know about the needs of such a facility.

The amount of specialized knowledge so many people have to have to carry on their work! Before I blow off about the faults in other people it would be well for me to find out how much I don't know about their business. And I find myself full of admiration for people who manifestly do know their work and how to do it.

Our neighbor, Barbara Placek has been called in to do substitute teaching in our Vacation Bible School and appears to be enjoying the challenges involved. She offered to take

Marie Shaffer's place with the 5th and 6th grades following a tumble that Marie took at home in which she almost broke her arm. While no bones are broken her thumb ligaments are badly torn and the thumb has to be immobilized for quite a while. Incidentally while speaking of the Placeks, Walter has been reconstructing his mail box standard and also location. With meticulous detail he has been patiently working away at it and doing an artistic job.

Malcolm Harris is home for a short time following the closing of the school where he has been teaching in Kingston, N.Y.

In my work as chaplain at Valley Crest the good Lord knows how much encouragement I need and has graciously been providing me with it. Following that recognition luncheon which boosted my morale immensely I received a letter at Valley Crest the other day from Dr. A.C. Kraft who now is in the State office at Harrisburg where the problems of the aging are handled. As many know he was the one who started Valley Crest and was its first administrator and it was there I came to know him and the encouragement he could give. This letter was a congratulation on the honor given me by that Testimonial Luncheon. The closing paragraph of his letter sounded just like my old friend and coming from his office of "authority" in the realm of the aging I appreciate it:

"Keep taking your vitamins, retain your warm smile, and stay well. The people at Valley Crest need you and appreciate you and we simply can't afford to allow you to age."

So Amen! Last Thursday seemed enough like summer so Cathy and I changed over the windows to screens in the Glass House. There are six of them. Thanks to her good dress-making measurements and markings they fit, both the window frames and the screen frames. And finally the man came who measures and makes the three track storm windows to order and fitted the one we had ordered for the opening beside the outside porch door. So that is done. Now come on, you hot summer weather!

Mr. and Mrs. John Curtis will drive their daughter, Barbara, to New York on July 10 for her departure on a tour of the British Isles. Candy Poad, Lancaster, is spending her usual summer visit with Mr. and Mrs. Sheldon Evans as has been her habit for many years. How this young lady has grown.

## SHAVERTOWN

Changes are taking place down town. Wally Gosart has sold out his business to Tom Cleasby who took over last week. Wally is remaining for a short time to help out. We shall miss him. The grocery and meat market was begun by his father, then to Charlie who opened another in Dallas and last to Wally. We wish Tom lots of luck and a well needed rest to Wally.

Mr. Beck also gave up his barber business after many years in the Van Campen Building. He hopes to retire after a lifetime of service.

Across the way the Harry Husted property has been sold to Joseph Voitek of Bunker Hill, who plans to renovate the old homestead. So an era passes and others take over.

It was Mrs. John Roushey Sr., who won the 20 inch Color TV at the Trucksville Firemen's Fair. Sorry her name was omitted. We hear nothing but good reports on the Recreation Programs sponsored by Kingston Township Supervisors. Joan Domnick and Doug Nicol are holding up this part of the activities and are real busy young folks. A fine turnout and many interesting crafts and sports are being highly commended. We knew Jack Jones would head up a fine group and he works closely with the K. T. Recreation Board which is composed of men who are intensely interested in the welfare of our children.

We wait for it every year and now it is fast approaching. The big show which is so much a part of our Back Mountain and where one meets folks who return especially for the Library Auction. Everything seems to be in readiness and as usual there will be many items attractive to the bidders with a bit of humor thrown in by the auctioneers. Sgt. Major Alvin W. Jones, formerly of Shavertown, who recently returned from Vietnam, visited his sister Mrs. Robert Oley and family and his aunt and uncle Mr. and Mrs. A. J. Moreck. Alvin expects to be assigned to Washington following his leave. His family resides in Smithburg, Md. The career Army man who is completing his 27th year in service expects to retire in three more years.

Mr. and Mrs. John Curtis will drive their daughter, Barbara, to New York on July 10 for her departure on a tour of the British Isles. Candy Poad, Lancaster, is spending her usual summer visit with Mr. and Mrs. Sheldon Evans as has been her habit for many years. How this young lady has grown.

Mr. and Mrs. William Thomas, Strongsville, Ohio, were recent visitors here, spending time with his parents, Bill and Ruth Thomas and Mrs. Milford Shaver.

Mrs. Beryl Sisco and Mr. and Mrs. Arlo Meeker, Windsor, N.Y., Mr. and Mrs. Ralph Sisco, Hampton, Va., Mr. and Mrs. David Hall, Allentown and Howard Hall, Harrisburg, were here for the Honeywell-Hall wedding last Saturday. The bride is the daughter of Wilson and Hazel Honeywell.

Betty Rogers tells me the Vacation Bible School was most successful at Shavertown Methodist with a daily average of 101 which was just great. Thirty two faculty members were necessary and those interesting field trips added to the delight of the children who attended.

George Wolfe is a patient at Mercy Hospital and we extend our prayers in his behalf.
