by SUSAN DEXTER and SHERYL BEARD

### Christmas Concert

Every seventh period, strains of Yuletide tunes drift from the choral room to announce the arrival of the Christmas season. The Dallas Senior High School chorus consisting of about 80 singers has been practicing for several months. The annual concert, open to the public, will be held Sunday, Dec. 14, at 3 p.m. A special performance will be given Dec. 19 for the school. Ranging from a classic medley of old-time favorites, "Joy To The World" and "Go Tell It On The Mountain," to an original modern set, "Hurry Home" and "I'll Be Home For Christmas," the concert promises an enjoyable afternoon for all. Choral groups at Dallas are under the direction of Florence Sherwood.

# Knights' Cagers bow to Binghamton

by DALE SPONSELLER

The Black Knights opened their basketball season by dropping a hard fought contest to the Indians of Binghamton North by a score of 60-48. The game, which was marred by fouls, was played on the distant court of the victors.

Using a man to man defense. Binghamton jumped out to an early lead and led 21-13 at the end of the first quarter. On the strength of blazing fast breaks, the Knights rallied to go into the locker room with a 31-30 advantage. Rick Newhart had nine of his 12 points in the second quarter surge.

Binghamton changed their strategy in the third quarter, using a zone defense and forcing the Knights to shoot from the outside. The change of defense proved very effective—Lake-Lehman failed to hit their shots. The Knights lost the lead which they never regained.

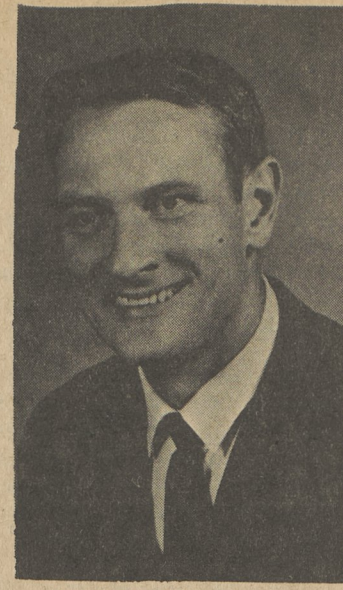

The Indians pulled away in the final quarter by outscoring the Knights 18-9. The buzzer sounded with the final score of 60-48 in favor of the Indians.

Sponseller and Newhart each had 12 points to lead the Knights. Lozo and Myers provided the board work as they each pulled down 13 rebounds. McGowan was the high scorer of the game as he netted 18 points for the Indians.

The officiating in New York State seemed much stricter than it is in Pennsylvania, causing problems for the Knights in the early going. Lake-Lehman had only four full days of practice and as a result went into the game prepared physically but not strategically.

The Black Knights will go into action again Tuesday evening, Dec. 16, at Benton.

### DID YOU KNOW THAT . . .

the rat is man's most deadly enemy

There are an estimated 180 million rats in the United States today, and that they are renewing themselves at an alarming rate of 3 1/2 million a day. Female rats can commence bearing litters at 2 months, every month of the year, with as many as 22 in a litter.

Rats are sly and cunning, quick to avoid ordinary poisons and traps that are set out for them. Rats were the only living creatures in gassed trenches of World War I.

No wonder rats are hard to control.

But don't despair. They can be licked! RAT-NIP, an exclusive development of NIP-CO, contains a naturally occurring rodenticide, toxic to ALL rats due to their inability to vomit. Although rats accept this ingredient in the incomparable RAT-NIP formula, such is not the case with pets and other domestic animals. Should these animals be forced-fed, they will promptly vomit. RAT-NIP, unlike dangerous poisons is recommended for use around the farm and home.
