KINGSTON TOWNSHIP
ORDINANCE NO. 1970-2

AN ORDINANCE TO PREVENT DAMAGE TO PUBLIC AND PRIVATE PROPERTY AND TO ABATE THE NUISANCE OF NOISE BY DOGS WITHIN RESIDENTIAL DISTRICTS IN THE TOWNSHIP OF KINGSTON

WHEREAS, the Board of Supervisors of the Township of Kingston have been addressed by certain residents of the Township of Kingston representing that the peaceful and quiet enjoyment of residential properties in certain areas of the Township of Kingston have been adversely affected by the maintenance of noisy and uncontrolled dogs; and

WHEREAS, upon examination, the Board of Supervisors of the Township of Kingston have become satisfied that the maintenance of noisy and uncontrolled dogs within the Township of Kingston has become a nuisance and has, from time to time, resulted in property damage and has adversely affected the standard of peace, quiet and welfare which should be maintained in those areas of the Township of Kingston which have been designated as "Residential Districts" by Planning Commission of the Township of Kingston; and

Whereas, the Board of Supervisors of the Township of Kingston has determined that it must undertake all necessary measures to secure, keep, and maintain an individual's right to peace and quiet and to protect public and private property within the designated "Residential Districts" of the Township of Kingston from the noise created by dogs and from damage caused by uncontrolled dogs.

THEREFORE, IT IS HEREBY ORDAINED AND ENACTED UNDER THE AUTHORITY OF CLAUSES XLI AND XLII OF SECTION 702 OF THE SECOND CLASS TOWNSHIP CODE, THAT:

1. Any person who resides in an area of the Township of Kingston designated as a "Residential District" by the Planning Commission of the Township of Kingston and who owns or keeps or otherwise maintains a dog shall prevent any noise whatsoever created by the dog from interfering with or otherwise disturbing in any manner whatsoever the peace and quiet of any person residing within two hundred (200) feet of the boundaries of the lot of land upon which the owner or keeper of the dog resides, between sunset and one hour after sunrise.
 2. Any person who resides within an area of the Township of Kingston designated as a "Residential District" by the Planning Commission of the Township of Kingston and who owns or keeps or otherwise maintains a dog shall prevent the dog from running at large and shall prevent the dog from causing any damage of whatsoever nature to public or private property within the residential district.
 3. Any person who shall violate any provision of this Ordinance shall, upon conviction therefor, before a Justice of the Peace or Magistrate, be sentenced to pay a fine or penalty of \$25.00. Any individual who shall be convicted of the violation of any provision of this Ordinance, in the manner aforesaid, for the second time within twelve (12) months of a prior conviction under this Ordinance shall be sentenced to pay a fine or penalty of \$50.00.
 4. In default of the payment of the fine imposed and the costs levied, the defendant shall be sentenced and committed to the Luzerne County Prison for a period not exceeding thirty (30) days.

aide demonstrates shopping economy

As an important part of the Expanded Nutrition Education Program, Extension nutrition aides must be creative in their ways of convincing homemakers about the importance of good nutrition in family meals. Since most of the program families have an income of less than \$4,000, one important lesson the aides teach is how to economize when buying food.

One aide found a convincing way of doing this. She took a homemaker shopping in a local supermarket. The homemaker selected her items then gave her shopping list to the aide. Together they selected the same food for the aide's family. When they checked the carts out, the aide's showed a saving of more than six dollars. Not only was this a good lesson for the homemaker, but the grocer was also impressed by the demonstration. He later told another homemaker she should have the nutrition aide assist her with shopping.

This is one way the Expanded Nutrition Education Program is helping homemakers in low-income areas of 26 counties improve their families' nutrition. A nationwide program, it is conducted in Pennsylvania by the Cooperative Extension Service of The Pennsylvania State University.
