legislator endorses plan for passenger service

State Senator-elect Robert J. Mellow (D-Lackawanna), today voiced his support for the re-establishment of railroad passenger service between New York City and Scranton.

Mr. Mellow joined Congressman Joseph M. McDade (R-Pa.) in urging that the old Phoebe Snow route (New York to Buffalo) which passed through Scranton be named as part of the Basic National Rail Passenger System being set up by Transportation Secretary John A. Volpe in accordance with the recently enacted Rail Passenger Service Act of 1970.

Mr. Mellow also stated his opposition to a plan submitted to Secy. Volpe by Gov. Raymond P. Shafer which recommended that the Scranton Wilkes-Barre area be left completely out of the Basic National Rail Passenger System.

The Shafer plan consists of four phases, only the first of which would become effective next year under the Basic System. The Scranton-Wilkes-Barre area is mentioned under Phase Three, which, according to the plan, is "possible for later, but deferrable because of dependency on achieving strong footing of initial networks under Phases One and-or Two."

Mr. Mellow pointed out that, even with the Scranton-Wilkes-Barre area mentioned in Phase Three of the plan, the report only asks that "study should be made of feasibility of pooled rail route services between New York and Scranton and Wilkes-Barre."

Mr. Mellow said that "if the Shafer plan is accepted by the Secretary of Transportation and followed in the development of the Basic National Rail Passenger System, the Scranton-Wilkes-Barre area would soon stand out as the economic sore thumb of Pennsylvania."

"Further industrial development of this area would be effectively killed," Mr. Mellow said. "The state might just as well write the Scranton-Wilkes-Barre area right off the map if Gov. Shafer has his way."

Mr. Mellow said he intends to offer Congressman McDade any help and support he can provide. "I intend to pursue this matter with Governor-elect Milton Shapp after he takes office," Mr. Mellow said. "He should understand the economic problems involved and, as a

businessman, he should be sympathetic to the needs of this area. I'm going to ask that he submit an additional report before the Basic System goes into effect in May, and I'm going to request that this area be given better consideration than it was in Shafer's report."

Mr. Mellow was elected in the November balloting and will be sworn into office when the Senate convenes Jan. 5, 1971.

C.T. Co. sells first mortgage bonds

Commonwealth Telephone Company announced today the sale of \$7½ million of First Mortgage Bonds due 1995.

The 25-year bonds, carrying an interest rate of 9½ percent, were sold directly to institutional investors in a private placement arranged by Eastman Dillon, Union Securities & Co.

The Dallas-based utility will use proceeds to replace short-term debt incurred for capital additions, a spokesman said, and represents the largest financing the Company ever accomplished.

Some children have to do without a childhood.

Will yours?
If something happened to you would your kids have to take on grownup responsibilities and worries? Not if you protect them with a Prudential insurance program. And don't be afraid of the cost. Call me and I'll show how inexpensive protection can be.
