Eighteen members of Lake-Lehman High School's Future Teachers of America Club were scheduled to leave yesterday for Spring Valley, N.Y., to participate in a student exchange with students of the Ramapo High School.

The purpose of the exchange, according to Superintendent of Schools Robert Z. Bellas, is to "serve to broaden horizons of the students who will be making the exchange." He expressed the hope that "this will permeate through the rest of the student body and help students become more understanding of the problems of others."

While visiting the New York City suburb of Spring Valley, the Lake-Lehman students will see the Broadway production of

"1776." The local students plan to return home Sunday.

The students of Ramapos Senior High School will visit the Lake-Lehman area April 21 through 25. All expenses for the trip will be borne by the families of the students involved.
