

This replica of Don Prudhomme's funny car will be on display at "Duke" Isaacs in Trucksville, May 17 and 18. The car is a 1971 Plymouth Barracuda with a supercharged and injected hemi engine that puts out more than 1,500 horsepower.

Duke Isaacs to Exhibit Customized Cars Display

A mobile display of customized high performance cars and parts will be exhibited at Howard "Duke" Isaacs, 163 S. Memorial Hwy., Trucksville, May 17 and 18, from 9 a.m. until closing. Plymouth's Rapid Transit Caravan, on a coast-to-coast tour of the United States, will feature four Plymouth models whose bodies have been altered and decorated by some of the nation's top performance customizing shops.

The customized cars in the caravan are: A replica of drag racing champion Don Prudhomme's funny car, a 1971 Plymouth Barracuda, with a supercharged and injected hemi engine that puts out more than 1,500 horsepower;

A 1971 Road Runner that features a recessed hood and deck lid as well as a vibrant

candy orange paint job;

A 'Cuda 440 which is the most extensively altered vehicle of the four vehicles exhibited in the caravan;

A Duster 340 which has been re-styled to include a rolled-under front pan and a unique spoiler built into the rear of the roof line.

Also included in the mobile Caravan are two cut-away performance engines and a display board of performance parts. There is a 27-minute movie on the history of drag racing which highlights Plymouth's drag racing accomplishments.

The caravan is described as a customized interpretation of the Plymouth Rapid Transit System. Included in the single exhibit are all the elements of the program, which consists of

providing the high-performance cars, the special parts, the ideas and how-to-do-it information for owners who want to personalize their cars to make them really individualistic.

The caravan travels in a huge, specially constructed bright yellow trailer which has been brilliantly decorated with Plymouth's colorful Rapid Transit System logos. The four cars and two display engines it carries are capable of generating a combined horsepower of more than 3,400.

Crew of the caravan consists of two men, who describe the performance capabilities, body customizing, and paint techniques used on the cars. They have complete information on the availability and use of special high-performance parts.

Voter Phone to Answer Queries

The League of Women Voters of Wilkes-Barre Area announces the installation of a special telephone line, 829-009, designed to answer voter questions about the forthcoming May Primary Elections.

League members will be prepared to supply answers regarding absentee balloting, voting procedures, and non-partisan candidate information.

This project, which makes voter information as close as ones telephone, was initiated in the 1970 General Election. The special number will be manned from 8 a.m. to 8 p.m. from now through Election Day, May 18.
