(continued from PAGE ONE)
month period, the board decided. The directors acted to renew the same contract held last year by the Pennsylvania Dental Service Corporation. Superintendent of Schools Robert Z. Belles noted that the dental accident insurance is offered strictly on an elective basis.

The school board approved a request from Anthony Marchakitus, assistant superintendent of schools, to attend a two-day foreign policy conference in Washington D.C., June 29-30. He will also attend a school administrators' conference at Penn State University in University Park July 11, 12 and 13; he will be accompanied by Charles C. James, elementary principal.

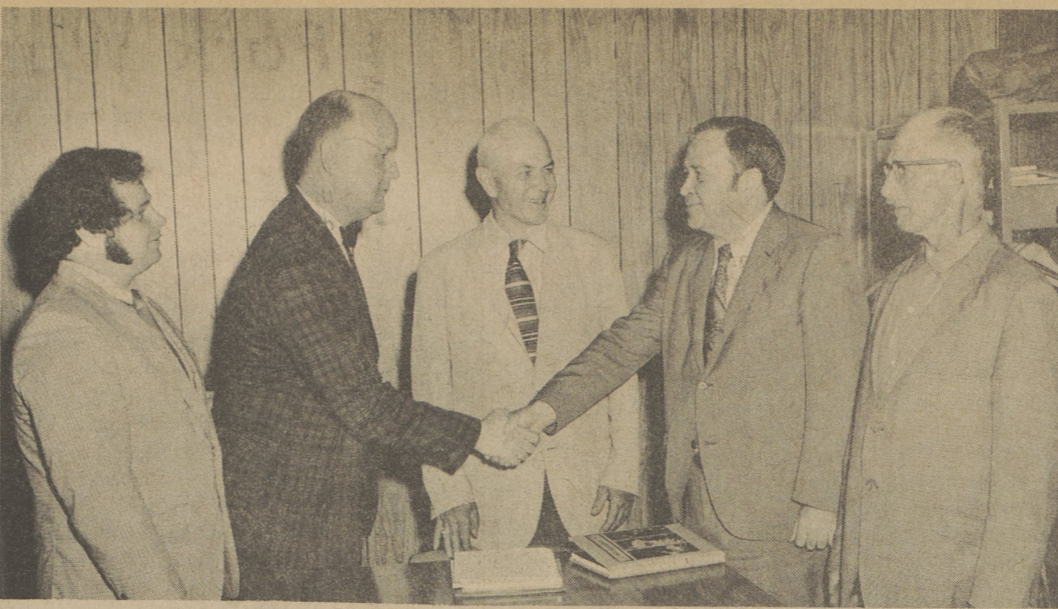

Estimated expenses totalling \$170 for a six-day school food service institute scheduled for Penn State July 11 through July 16 were approved by the directors. Two cafeteria workers, as yet unnamed, will attend the institute.

William Price, RD 1, North Lake, Sweet Valley, was hired to replace Emery Wolfe as custodian at the high school as of July 1. Mr. Price will work 40 hours each week at a salary of \$2 per hour; he will receive two weeks vacation after one year.

Personal leaves of absence were approved for Margaret Toluba, Kathryn Downs, and Kathryn Lenker Yost. Mrs. Yost's request met with opposition from Directors Michael Slimak and Evan Edwards, who suggested that Mrs. Yost should have given Principal James more than two days notice of her impending marriage.

Mr. Belles read a letter from the Commission of Economic Opportunity of Luzerne County commending the Lake-Lehman School District for increasing the number of free lunches served in its schools. The district has increased greatly its participation in the free lunch program.

In other action, Atty. Charles D. Lemmond Jr. was re-appointed school board solicitor at a salary of \$1,500; bids were opened and referred to the appropriate committees for coal, fuel oil, general supplies, science, industrial arts, accounting machine, and school buses; and certain textbook replacement orders were approved.

An early Sunday morning explosion aboard an inboard motorboat anchored at Harveys Lake, flung five occupants out of the boat. Three men landed in the water and two struck the shore. All five escaped with only minor cuts and bruises.

"We couldn't have done it without Northeastern National."

"When we ran out of room to house our family, we really needed a lot of help. We needed money to buy a new house and we needed sound advice."

"We got them both at our bank — Northeastern National. The people at Northeastern National helped us figure out how much we could afford, and they worked out a plan to help us get the most for our money. They explained everything to us in easy-to-understand form, and they made sure that we wouldn't have any unpleasant surprises later on."
