

(J. KOZEMCHAK SR.)
One of the oldest educational landmarks in Dallas School District is being razed. Shavertown Elementary School Annex was built in 1924, and the one-story wooden structure has housed several generations of students.

Shavertown Landmark Soon Will Be History

The old Shavertown School Annex will soon be no more. Dallas School District board has given the go-ahead to have the educational landmark razed. In its time, the wooden structure has served as classroom, medical center and recreation center.

John Parrish was awarded the job of dismantling the one-story building and carrying away all lumber, masonry and debris, for which he will receive \$1,000 on completion of his task. Work is to begin immediately. Plans are to increase the parking area for Shavertown Elementary School.

A number of other bids has been approved by the school directors, and work is to be completed before school starts. Among these are installing an aluminum entrance at Trucks-ville Elementary School; painting exterior; and installing gutters at Shavertown.

Two bids on ticket booths for Dallas Senior High School athletic field were turned over to the property committee for tabulation and review.

At least one director felt the bids were much too high on the booths. Earl Fritzes suggested "both bids be rejected and we build our own"

New Counselor Assigned At Dallas Elem. Schools

Elementary students in Dallas School District will be advised and counseled by a guidance counselor beginning with the 1971-72 school year. Gloria Whitman, 411 Warren Ave., Kingston, has been newly elected to the post by the school board.

Under contract, the counselor's salary begins at the sixth step on the Master's degree salary schedule.

Mrs. Whitman received her Bachelor's degree from Goucher College, Towson, Md., where she was a dean's scholar. Her Master's degree work in elementary school counseling has been at Shippensburg State College. She taught five years in the elementary schools of Martinsburg, W. Va. Mrs. Whitman's teaching experience

includes having been a member of the staff that opened West Virginia's first open space, ungraded, individualized instruction school. She has also been involved in team teaching, establishing behavioral objectives in learning, developing scopes and sequences of curricula, and implementing the multi-media approach to instruction.

Mrs. Whitman has had extensive experience in creative drama and has directed school newspapers and other school activities.

"I believe Mrs. Whitman to be an outstanding candidate for this position," stated Dr. Linford Werkheiser, superintendent, as he recommended the counselor to the school board.

Five New Teachers Hired at Lake-Lehman

Lake-Lehman School Board hired five new teachers and approved the inter-curricula transfer of another at its regular monthly meeting July 13. J. Franklin Patton presided in the absence of President Edgar J. Lashford.

Named to replace high school social studies teacher Leonard Threston was Robert O. Roberts of Edwardsville. Mr. Roberts, a May graduate of East Stroudsburg State College, will receive a salary of \$6,400. Mr. Threston's resignation was accepted by the board immediately prior to Mr. Roberts' appointment; he has accepted a position as basketball coach at Crestwood High School.

Three other first year teachers hired at the first step of Lake-Lehman's salary schedule were Gerilyn T. Pawloski, Margaret Thomas, and Robert M. Mischak. Miss Pawloski and Miss Thomas, both Bloomsburg State College graduates, will teach remedial reading at the elementary level. Miss Thomas will also teach kindergarten one-half day at the Noxen school. A 1971 graduate of Wilkes College, Mr. Mischak resides at 537 N. Gates Ave., Kingston.

Carol Lynn Warchal, Lower Demunds Road, Dallas, was hired at a salary of \$7,000. The West Chester State College graduate taught first grade for two years at Malvern, Pa.

Lois Hardisky, presently a remedial reading teacher under the Federal ESEA program, will teach an elementary class at Noxen in the fall.

A request from Band Director John Miliuskas for a raise totalling \$1,200 was tabled by the board for consideration at a later date. Superintendent Robert Z. Bellas pointed out that Mr. Miliuskas will receive an increment totalling \$700 in the coming year and that his

request is thus for an additional \$500. Board members agreed that the request should be considered by the entire board (in addition to Mr. Lashford, board members Evan Edwards, Richard Ide and Solicitor Charles D. Lemmond were absent).

Dianne Ide was approved as a part-time employee in the administration office. She will be compensated at the rate of \$1.60 per hour.

Thirty-eight professional employees were recommended for extra duty assignments for the school year 1971-72. Salary increments for these assignments range from \$75 for the editor of the curriculum guide to \$1,100 for the head football coach.

The school directors approved a request from Lancaster Sutton allowing him to discontinue his transportation contract with the district and to sell it to Francis Stolarick. Mr. Stolarick will be one of two bus contractors with whom the board deals, Mr. Bellas noted; Clarence Payne is the other.

Mr. Miliuskas received permission to attend the Second Annual Marching Band Conference and Workshop at West Chester State College, Aug. 4 through 7. Approximate expense to the school district was listed as \$75.

Aletha Cragle, RD 1, Hunlock Creek, and Anna Mae Smith of RD 1, Noxen, were hired as cafeteria workers.

The board also approved increasing the minimum wage paid to cafeteria workers from \$1.60 to \$1.75 per hour, a move which Superintendent Bellas estimates will increase cafeteria program costs by approximately \$2,500. In recommending the increase, Mr. Bellas noted that the program has "operated in the black every year."
