Don Quixote To Tilt At Camelback's Windmills

The pathos-filled quest of the self-proclaimed knight, Don Quixote, for "The Impossible Dream" became the emotional basis for the moving story and pulsating music that has made *Man of La Mancha* one of the most honored musicals on Broadway. It will be at the new Camelback Summer Playhouse, Tannersville in the Pocosinos, for the week of July 26-31. Adapted from Cervantes'

"Don Quixote," *Man of La Mancha* is the poignant tale of an elderly gentleman of Old Spain who, deluded by his dreams of knighthood and chivalry, sets out on his quest for fame and glory—attacking dragons which are actually windmills, mistaking barmaids for noblewomen, and confusing a run down country inn for a royal castle. His woeful journey, while filled with comic incidents, ends in ultimate disillusionment which takes away his very reason for existence.

CM Orientation To Begin Sept. 5

Freshman orientation for members of the incoming freshman class at College Misericordia will begin Sept. 5, it was announced by Sister Miriam Teresa, RSM, president of the college. Following a three-day orientation period for the new students, classes for the 1971-72 academic year at the college will begin Sept. 8. The incoming Freshmen, scheduled to graduate in 1975, will be the 49th class to receive degrees from College Misericordia.

Other notable dates announced for the fall semester include the college's annual Open House Sept. 26, Homecoming Oct. 2-3, and Parents' Weekend Oct. 9-10. Student teachers from College Misericordia will begin their assignments in area schools Sept. 20.

To Michael Harrah, whose baritone voice has been heard in four musical comedies and ten operas, goes the title roles of the character, Don Quixote, and Cervantes in prison, established on Broadway by Richard Kiley. Kevin O'Leary, recently on tour with 1776, plays the comic Sancho, the dotting valet to the mad knight who follows him in all his misadventures. Pam Martin as 'Aldonza,' the loving woman of the inn who becomes transformed by Don Quixote's belief in her, will be recreating the role she has played in Southern theatres.

Performances are at 8:30 p.m. every evening (except Sundays) with matinees on Wednesdays and Saturdays at 2:30 p.m. The 400 seat air-conditioned playhouse is easily reached from Exit 45 of Interstate 80.

Consider Color Carefully
IN BUYING A DIAMOND - FOR COLOR DETERMINES VALUE
Color, in diamonds, is one of four factors that affect price. Those with body color of blue or white are more valuable than those showing yellowish tinges.
Since the untrained eye does not readily detect these color variations, let us, by means of precision instruments, show you the differences and explain, graphically, why price varies with color.
It will take only a matter of minutes - is easy to understand - and you'll know exactly what to look for in buying a diamond.
