We are happy to tell you:

FIRST-STROUDSBURG NATIONAL BANK

has joined with

THE FIRST NATIONAL BANK OF EASTERN PENNSYLVANIA

The First-Stroudsburg National Bank and The First National Bank of Eastern Pennsylvania have linked together their resources into one bank.

The merging of deposits, branch offices, and the expertise of the employees and officers of both banks will surely benefit the customers and communities served by the now even greater bank.

The First National Bank of Eastern Pennsylvania, under whose charter the combined bank will operate, suggests the scope of our banking operations. But we will continue to be a "local" bank. Your account will receive the same service and attention it has always received, personally and carefully attended by the same people who have always served you.

Should you have any questions about your account, particularly concerning our expanded services, please call or come in.
