

Group Plans Study

(continued from PAGE ONE)

nation which are now funded through the Environmental Education Act. The local organization, a division of the Tuberculosis and Health Societies of Northeastern Pennsylvania and the Wyoming Valley, submitted one of 2,700 proposals applying for the monies to the department of Health, Education, and Welfare.

In accordance with the grant proposal, LU-LAC, in conjunction with the Northeast Educational Intermediate Unit and the Luzerne County Intermediate Unit, will present a series of environmental educa-

tion workshops for area teachers and school administrators. The first two workshops, entitled the "Inter-relationship of Man with the Eco System," will be held Nov. 18 and 19. Dr. Matthew J. Brennan, noted biologist, will be discussion leader. Dr. Brennan's recently published curriculum guides for students in kindergarten through high school have been approved by the United Nations as a case study in environmental education. Additional workshops will be held in January, March, and April.

UGI Files \$12,000,000 First Mortgage Bonds

UGI Corp. today filed a registration statement with the Securities and Exchange Commission covering the proposed public offering of \$12,000,000 first mortgage bonds due Nov. 1, 1996.

UGI also filed a statement covering the proposed offering to its common stockholders of the right to subscribe to 373,641 additional shares of common stock in the ratio of one share for each 10 shares held of record Oct. 27, 1971. The subscription offer will expire at 5 p.m. EST, Nov. 15, 1971.

The First Boston Corp. and Merrill Lynch, Pierce, Fenner & Smith Inc. have been designated managers of the underwriting group.

The new bonds will not be redeemable prior to Nov. 1, 1976, through certain refunding operations. A sinking fund will retire 30 percent of the issue prior to maturity.

Net proceeds from the proposed offerings will be used by UGI to reduce bank loans and other short-term debt incurred primarily for its construction program.

UGI Corp. supplies gas and electric service to areas in eastern Pennsylvania and operates the city-owned Philadelphia Gas Works. Subsidiaries distribute liquefied petroleum gas, manufacture and sell sectional homes, school classrooms and office buildings and are involved in land development.

Dallas Junior High School students are pleased with the results of their artful window decorations with a Halloween theme. Trial Drama Continues

(continued from PAGE ONE)

reasonable doubt. Those jurors who were selected also indicated that they do not think people always tell the truth, agreed that police make mistakes and stated that they have no strong feelings against people who use alcohol (one prospective woman juror was quickly excused by the defense when she admitted that she "could not abide a heavy drinker").

To Atty. Krohn's apparent disappointment, none of the jurors knows much about

hunting or firearms—one of the jurors selected related that he had gone hunting just once: "I lost the hounds, missed the rabbits, and that's enough!" he declared.

In any statistical analysis, the jury would no doubt prove to be very much like any other jury chosen in Luzerne County. Yet each juror is as much an individual as are the more visible attorneys, and it is this thought which provides the trial's enduring suspense.

Publick Occurrences

Oct. 21
Pulitzer Prize-winning poetess, Gwendolyn Brooks, will appear at College Misericordia at 8 p.m. The reading at Walsh Auditorium will be open to the public at no charge.

Oct. 21-22

Nov. 20
Boy Scout Troop 281 paper drive. Bundled and tied papers should be taken to Dallas United Methodist Church.

Lake-Lehman School Board Okays 11 Conference Requests

The number of educators' conferences which teachers attend has proliferated over the past several years, as witnessed by the increased number of requests approved by Lake-Lehman's school board from teachers planning to attend the conferences. At the most recent school board meeting, 11 such requests were considered and approved by the school directors. Among the conferences which Lake-Lehman delegates will attend are a wrestling clinic at Mountaintop, an art conference at Kutztown, an industrial arts conference at Harrisburg, and two nursing conferences at Penn State. A

reading workshop, four guidance meetings, and the PSEA convention will also have representatives in attendance from Lake-Lehman.

Lake-Lehman school directors were also informed that the district's E.S.E.A. Title I allocation for reading and supplementary services for the coming year has been reduced by some 15 percent or \$10,000. The total for 1971-72 will be \$51,823.

Third grade teacher Mary Ann Wilson was granted a maternity leave effective Nov. 1 until the beginning of the 1972-73 school year. The directors noted

that her request is in accordance with the professional employees' negotiated contract. The names of Dr. John Kennedy, Dr. Patricia Rossi and Dr. John Thomas were approved to perform physical examination of school children. The approval of the Dept. of Health will be sought next.

Applications for custodial work from Richard E. Traver of Noxen and for cafeteria work from six women were received by the board. The women whose names were placed on the substitute cafeteria worker list include Barbara Drobnicki, Harveys Lake; Ruth Nygren, Sweet Valley; Nancy Ide, Harveys Lake; Twila G. Berkey, Harveys Lake.

Wilfred Anderson was approved as a regular bus driver. Superintendent Robert Z. Belles noted that the driver has an approved license from the Dept. of Transportation in Harrisburg.

A request from the Wilcox Family of the Sorber Mountain area asking that the board reconsider re-routing bus route 20 so that their children could avoid a half-mile walk was turned down by the directors, with Arnold Garinger casting the lone vote in favor of the proposal. Garinger indicated that further study of the situation might have been advantageous.

As in past years, the teacher aide program sponsored by College Misericordia will be instituted in the school district. Belles commented that there are no expenses or remuneration involved, "except for mutual gains from the service and experience."

Lake-Lehman Graduate Named to Who's Who

Anda Lee Antrim, daughter of Mr. and Mrs. Ralph C. Antrim Jr., Middlebury Center, Pa., has been listed in Who's Who Among Students in American Universities and Colleges. Miss Antrim is the granddaughter of Mrs. Ralph C. Antrim Sr., RD 4, Dallas.

A 1968 graduate of Lake-Lehman High School, Miss Antrim is a senior elementary education major at Mansfield State College. She was named to Who's Who by Dean Rodney Kelchner, representing Man-

field's selection committee. Those chosen for the national honor have demonstrated exceptional ability in academic pursuits and have provided leadership and service to campus social organizations.

Miss Antrim is active in the women's athletic association and serves as secretary of both the day student organization and homecoming committee. She is on the men's and women's hearing board and ad hoc committee for judicial review. She was Kappa Delta Pi's representative to the 1971 homecoming court and is currently president of Kappa Delta Pi, an honor society for those in teacher education. She is also a member of Delta Tau Gamma, an honor service society.

EARTH NEWS

A group of 16 lawyers, writers, professors and ex-politicians called upon President Nixon and each member of Congress Friday to grant amnesty to all citizens involved in offenses arising from the Vietnam war.

The new amnesty organization claims among its membership Ernest Gruening, the former senator of Alaska; Kenneth B. Clark, the president of the American Psychological Association; and psychoanalyst Erik Erikson.

In a petition sent to every senator and congressman, and to all members of the Nixon Administration, the organization proposed that all draft resisters and other Selective Service violators be immediately pardoned. The group estimated that as many as 100,000 teen-aged Americans have fled to Canada and Europe, to avoid being drafted into the Vietnam conflict—and reported that there are 13,000 other young Americans who have been convicted of draft offenses or who are currently awaiting trial.

The amnesty group also proposed that other Vietnam war violators, including the likes of Lt. William Calley, be pardoned for their wartime transgressions.

A statement released by the organization said: "Surely a republic which granted amnesty after the Civil War to soldiers who fought in rebellion against it will want to do no less for these men whose offense has been only that they refused to fight in an undeclared and unpopular war, thousands of miles from our shores."

A spokesman for the amnesty organization said it would help the petition would stimulate a drive in Washington to begin "healing the divisive effects of Vietnam."

A young black man charged at a press conference in Los Angeles that police officials there were involved in a nation-wide plot "to get" the Black Panthers, that police knew long ahead of time about an escape plot from San Quentin by George Jackson, and that members of Southern California police departments were actually planning to detonate a bomb in San Diego during next year's Republican convention so that martial law would be declared in that city.

The dramatic charges were voiced by Louis Tackwood—a man who insisted that he has worked as an undercover informer and provocateur for the Los Angeles Police Department since 1962. Mr. Tackwood made his statements during a lengthy press conference sponsored and aired by station KPFK-FM, the Pacifica station in Los Angeles.

During the two-hour statement and question-and-answer period, Mr. Tackwood insisted he had been instructed by the police department's criminal conspiracy section—called the "CCS"—to infiltrate the Panther movement, and other black militant organizations. He said that, at times, he worked with the FBI, and that he had been told of a national police conspiracy to destroy the Panther Party through murders, intimidation and kidnappings.

He insisted that police department officials had told him of their knowledge about an escape plan being hatched by Soledad Brother George Jackson at San Quentin, and that he had been informed ahead of time that Mr. Jackson would not live to stand trial.

In one of the more sensational elements of the conference, Mr. Tackwood said that Los Angeles police knew of the Marin County kidnap plot by Jonathan Jackson last year before it occurred; he stopped short of giving any details in the alleged conspiracy, saying that the matter "was under litigation." He said that he had forwarded details of his knowledge to Angela Davis' defense committee.

Mr. Tackwood said that he had also learned about plans of Los Angeles police officers to set off a bomb in the convention center during next year's Republican convention in San Diego. He said the bombing would be timed to set off a chain reaction of fear, and would enable police to set up a state of martial law in the city.

Mr. Tackwood had little specific proof with which to back up his allegations. However, he did provide reporters with the names of several police officers with whom he said he had contact—and even played a tape recording of a telephone conversation between himself and a man he identified as a Los Angeles police contact "Larry Brown."

Mr. Tackwood said he made a deal with police officials to work for them after being arrested for car theft in 1962. He added, however, that he finally decided to tell his story to the press and to break his relations with the force after becoming disenchanted with his career of duplicity and murder.

The Los Angeles Police Department told Earth News that it could not comment on any of Mr. Tackwood's charges until it could review a complete transcript of the press conference. However, Police Chief Ed Davis said that his office had learned that "a Bolshevik had been working for two weeks" within the department to fabricate a story involving "the police department and the President of the United States." Chief Davis went on to say that he was to hear that Los Angeles reporters are listening to "such charges." Chief Davis added that he believed such stories would appear only in "Pravda"—the Russian newspaper. He declined to elaborate.

Harveys Lake

by Mrs. John Van Campen

News is rather scarce this week, due to the fact that so many homes have been sold and purchased by new neighbors, which I haven't had the chance to get acquainted with; but give me time!

I see where a new shopping area is being planned for the Back Mountain. I for one hope they include some clothing stores. We have plenty of grocery stores and enough drug stores.

The Auxiliary to the Jonathan R. Davis Fire Co. in Idetown will meet Oct. 20 at the fire hall.

Mr. and Mrs. C.A. Randall have bought a home on Cease Street, Sunset section of the lake. Good luck to you both.

Mrs. Robert Burns of Northfield, N.J., recently visited her mother, Harriet Tattersall, and her brother and sister-in-law, Mr. and Mrs. "Mickey" Tattersall, Lakeside Hotel, Warden Place.

Mr. and Mrs. Raymond Davenport of Harveys Lake and Philadelphia recently returned after spending some time in the Bahama Islands. The Davenports have been my sunner neighbors for at least the past 30 years.

Just received word from Mrs. Raymond (Betty) Grey, that her son Raymond Jr., had to have an emergency appendectomy. It seems that Ray got sick in school Thursday and was taken to their family doctor, who told Betty to take him down to General Hospital for some tests. No sooner did Betty return home, when the hospital called her to go back that Ray had to have an emergency operation! Ray is a seventh grade student at Lake-Lehman High School. Keep your chin up Ray, and here's hoping all goes well with you, and that by this time next week you'll be up and around.

The Early Bird Gets the Space!

If you are planning a social event and wish to submit copy and/or a picture to the newspaper, please call us and let us know in advance. We'll save a space for your news, thereby assuring you of a slot on our women's page.

Don't look backward!

Look forward to better government with a competent, honest judge.

You have this kind of judge in your court.

JUDGE ALBERT H. ASTON

Vote to retain him.
