

Oak Hill

by Bridgette Correale
639-5759

Oak Hill Civic Association conducted a meeting Monday evening at the Jonathan Davis Firehall. Shirley Osborne, secretary, conveyed the report of Fred Hosie, chairman of the school bus shelter committee. It was reported that Lomma Water Co. was contacted requesting permission to erect a bus shelter on the site of two pump houses in Oak Hill. Lomma required a sketch of the proposed shelters and a certificate of insurance before final consideration would be given. The pros and cons of shelters were discussed and a vote to discontinue further inquiries was passed. Mrs. Vince Correale volunteered to commence a home visitors program which will welcome all new Oak Hill residents on behalf of the association. There will be no meeting in December.

Congratulations to Mike Kerkowski who was voted treasurer of the Oak Hill Civic Association. Mike is employed with Wyoming National Bank and is capable of handling the funds, at least we hope so.

Sorry to learn that Walter Blejwas, son of Walt and Carol of Idetown Road, received several stitches on his head last Sunday.

Enjoying several days with her parents, Jack and Mary Gesmundo, was Mary Ann Regal and her children, Joseph

and Tiffany, Towanda. Traveling to New York to visit friends and relatives were the Kishkill's, John, Helen and Joseph.

Happy to report that Doreen Osborne is home after being a medical patient at Wilkes-Barre General Hospital.

Charles D.I. Giosa, Harold Thomas and Vince Correale attended the monthly meeting of the Industrial Management Club of Wyoming Valley. Alec Clamidas, assistant professor of industrial engineering and member management development faculty, Penn State, was the guest speaker. The men came home with several boxes of candy mints that were sold for YMCA World Services, to help support YMCA's throughout the world.

The Girl Scouts in our neighborhood are busy selling 1972 calendars. If you are not approached, contact a Girl Scout and purchase one of the nicest calendars around. The date boxes are quite large, and can be used to write in. If you are a busy gal, you know what I mean.

Thanksgiving is not only a day for family gatherings or turkey carvings, it is a day to give thanks for the many blessings we have throughout the year. In these troubled times, one should not forget the common goals shared by all men, peace and love, and also the common goal shared by all women, diet! diet! diet! Happy turkey turkey!

PENN STATE NEWS Wilkes-Barre Campus

by Charlot Denmon

Students and faculty at the local campus had the opportunity to hear a most interesting presentation last week by Dr. John Earl,

professor of modern history, University of Scranton. Dr. Earl spoke on "Russia Today" and showed slides of his 1967 trip through Russia. The professor, with a group of educators representing numerous American Colleges, traveled more than 30,000 miles through eight of the 15 Russian republics. In his recent appearance he presented the European section of Russia, but plans to return in the spring to address the students on Asiatic Russia.

In a recent report from athletic director Ken Boughton, we learned that the Super Blue's football team is holding first place with a record of 6-0. The MET's with their 6-1 record is the only team within striking distance.

With basketball season in view, both intra-mural and inter-campus players are beginning to practice. Mr. Boughton is optimistic about his 1971-72 team and predicts that his varsity members will improve on last year's 6-10 record. With three of his starters measuring 6'6" or better, his team should have an advantage on the defensive.

A tall, slender man attracting attention on campus is not a basketball player but a resident of Dallas with a photo studio on Main Street. John Patterson is a student in the liberal arts program at the local campus and upon completion of his study here, plans to continue his education for a baccalaureate degree in psychology at one of the area colleges.

A former Hazleton native, John moved to the Dallas area from Kansas about 18 months ago. He worked for IBM where he met his wife. They have a son, John Mark. Mr. Patterson

Miss Vernon Is Freshman

Kathryn Vernon, daughter of Mr. and Mrs. Thomas E. Vernon, Trucksville, is enrolled at Union College in Kentucky for the fall semester as a freshman. She is a graduate of Dallas High School.

Union College is a senior, coeducational, liberal arts institution affiliated with the United Methodist Church. Founded in 1879, the school has a tradition of high-quality education and Christian ideals.

is a veteran of the Air Force having served in France and Canada and discharged with the rank of sergeant.

He became interested in photography while still in the service and after meeting his wife who at that time was employed in a photography studio in Kansas began to do professional work. He is a member of the camera club on campus.

In his leisure time he likes to hunt and do painting in oils. He and his wife enjoy this area of the country and hope to live here permanently.

Linda Baltimore, petite brunette, might easily be mistaken for a college student rather than the psychology instructor at Wilkes Barre Campus. However, after a few minutes conversation it is not difficult to ascertain her position for she is very knowledgeable in her career field as well as in others. She is a most interesting conversationalist and one leaves her company enthused and refreshed both in mood and opinion.

Linda is married to Richard A. Baltimore and has a son, Kevin, student in the seventh grade at Lake-Lehman school. They recently moved into their newly purchased home in Sweet Valley.

She received a B.S. degree in psychology from The Pennsylvania State University and assumed her position with Wilkes Barre Campus last year. She is presently working toward her master's degree.

One might say she changed horses in midstream, for prior to attending Penn State, she had graduated from Bowman Technical School, Lancaster, where she learned watchmaking, a profession she followed for six years - three in her own shop and three with Diester & Butler, jewelers, Elmira, N.Y. Her husband is a salesman for Kingston Dodge and an adjunct student at the local campus. She devotes her leisure time to interior decorating and jewelry making.

Psychology courses offered at the local campus during the year are introductory psychology, applied psychology, child psychology, individual projects in psychology, and health planning administration.

Linda is the instructor for all these courses and this term is teaching introductory psychology and health planning administration.

We can't think of anyone who could make the courses more interesting - her students' consensus of opinion - terrific.
