

Dallas Senior High School

by Janice Culp
Jane Domnick

Faculty vs Key Club

The Key Club and faculty members fought it out on the courts in the annual "Toy for Tots" basketball game. The admission price for each student was a toy or 25c. This year two barrels of toys and \$140 were collected. Teachers participating in the event were Mr. Brobst, Mr. Hoover, Mr. Hopkins, Mr. Miller, Mr. Preece, Mr. McCarthy, Mr. Stiles, and Mr. Supulski. The Key Club squeezed by with a final score of 38-36.

Class Rings
The moment all the juniors have been anxiously awaiting has finally arrived—last Friday they received their class rings. Just in time for Christmas,

Christmas Concert

The chorus will present their Christmas concert this coming Sunday at three o'clock in the high school auditorium. Various music selections, from traditional to contemporary sounds, will provide an entertaining afternoon and a touch of Christmas spirit. The program is open to the public with no admission charge.

Christmas Spirit

One look at the high school will tell you that Christmas is almost upon us. The windows have been brightly painted with Christmas scenes and the trees in the school are decked with glittering lights.

Since this will be our last time writing the school news before Christmas, we wish you a Merry Christmas and a Happy New Year!

PENN STATE NEWS Wilkes-Barre Campus

Wilkes-Barre Campus students put away their books, completed their exams and made ready to depart for home to spend the holiday vacation last Friday but not before one group—People Help People—held a Christmas Party for the children from St. Stanislaus.

Under the direction of Fred Stefan, the group's advisor, the student volunteers entertained 34 children at a party Dec. 9 in the Commons Building beginning at 7 p.m. The children enjoyed a Christmas program and played numerous games led by the students. Stanta Claus arrived on the scene and made certain each child received gifts, candy canes, and popcorn balls. Later, refreshments were served and at the end of the evening 34 tired but happy children returned to the home, thanks to the efforts of the People Help People members.

Mechanical engineering technology is a popular program with students who attend the local campus and so is the chairman of the department, Professor Lee Swinberg of Forty Fort.

Lee has been a member of the Wilkes-Barre Campus faculty since 1951, beginning his tenure when the campus was still located at the Guthrie Building, N. Washington St., Wilkes-Barre. He has lived through many changes and a great deal of progress since he first began his instruction with Penn State. "We grow bigger and better each year" is his comment.

Prior to joining the faculty, he was associated with Allis Chalmers Mfg. Co., Milwaukee, Wis., and Wilkes-Barre. A graduate of Lehigh University with a B.S. in mechanical engineering, he is married to the former Lois Goeringer of Wilkes-Barre.

They have three children—Lee Jr., freshman at King's College, majoring in mathematics; Sharon, 9th grade student at Wyoming Valley West;

Local CPA Named Lecturer on Taxes

The American Institute of Certified Public Accountants has selected Charles E. Parente, C.P.A., of Parente, Randolph & Co., Certified Public Accountants, Wilkes-Barre, as a lecturer at a Special Workshop on Corporate Income Tax Matters presently being conducted throughout the country. Mr. Parente will lecture at seminars to be held in Worcester, Mass., and Salt Lake City, Utah.

The special workshops are part of the professional development courses offered by the national society.

Mr. Parente, a resident of Brown Manor, Kingston Township, has lectured at seminars in the past which were sponsored by the Professional Development Division of the American Institute. In addition, he has lectured in tax and accounting courses at Kings College. He is a member of the American Institute of Certified Public Accountants and is currently the vice-president of the National Association of Accountants.

North America and the USSR contain four-fifths of the world's supply of softwoods.

and Jean, in fourth grade in WVW school district.

In addition to his school responsibilities as chairman of the department, Mr. Swinberg is active in various community and professional organizations. He is a member of the Professional Engineers Society of Pennsylvania, Luzerne County Chapter, the American Congress of Surveying and Mapping, and is junior Engineer Technical Society coordinator of Pennsylvania. He is also a member of the board of directors of the National Foundation of March of Dimes.

Lee is also engineer for Forty Fort Borough. He is registered engineer in Pennsylvania and a registered surveyor of Pennsylvania. A member of Forty Fort Kiwanis, he is also a member of the board of directors of Luzerne County Chapter of Professional Engineers.

Professor Swinberg enjoys his work and people and becomes so involved in both that he finds little time for special hobbies or sports. In his words "my work isn't work, it's enjoyment—a pleasure."

Helen Pool, a secretary in the Continuing Education office on campus, keeps a busy schedule year-round taking care of the many details necessary to provide the various types of programs offered by that division. Registrations, confirming appointments of faculty members, scheduling of classes and workshops offered throughout the area day and evening, preparation of copy for brochures and course content, as well as payroll, expense vouchers, and records are included among the many duties she performs to keep the continuing education program running.

Mr. Pool is married to Garnette H. Pool and she and her husband reside in the Mt. Zion area. Prior to joining the Wilkes-Barre Campus in October, 1966 she was employed as secretary to the dean at University of Illinois.

A sunshine girl, Helen Pool spends her vacations at the seashore and in her leisure time at home, enjoys gardening and sewing. She is particularly interested in raising African violets and has been successful with all varieties.

Keith Bicking, son of Mr. and Mrs. Lee Bicking, Memorial Highway, Dallas, is a student in the Architectural Drafting program at the campus. A member of the Class of '71, Dallas High School, Keith hopes to continue for a second year if he is not called by the Selective Service for military duty.

In addition to his studies, he enjoys sports—all kinds, indoor or outdoor. He goes hunting and fishing, bowls, billiards, and golf. He is interested in archery and hopes next year to go bow and arrow hunting for deer. During his years in school he played football, basketball, and baseball. He also played baseball in little league, teeners' league and in the Back Mountain softball league. When he is not involved in one of these sports, he is apt to be seen riding around the area on a motorcycle. A sportsman—we would say so!

With the close of the first semester, we at Wilkes-Barre Campus wish our readers a very happy holiday. We will resume our column after Jan. 1.
