

No Outstanding Loans in The Dallas School District

Dallas School Board learned at its Dec. 14 meeting that as of that date there are no loans or notes outstanding for the school district. Also, Thomas Jenkins, business, noted that Certificates of Deposit in the amount of \$400,000 have been purchased since mid-November.

Milton Evans, board president, listed committee chairmen for the 1971-72 year. They are: William Price, athletic; Patricia Gregory, cafeteria; Ernest Ashbridge, finance-insurance; Hanford Eckman, personnel; William Cutten, policy; Garvin Smith, property; Fred Dymond, transportation; and Bernard Novicki, vocational-technical school.

Approval was given to Reese Pelton to attend Pennsylvania Music Educators Association, Pittsburgh, Jan. 6-8; and to Robert L. Rober

Approval was given to Reese Pelton to attend Pennsylvania Music Educators Association, Pittsburgh, Jan. 6-8; and to Robert L. Dolbear to serve as chairman of evaluation com-

mittee, Pocomore High School, Pocomore City, Md., March 14-17.

On recommendation of Dr. Linford A. Werkheiser, superintendent, the board adopted a resolution to implement the 1971-72 contract with professional employees, as of Nov. 14. "The Pay Board guidelines for Phase II of the wage-price freeze indicate that contractual agreements reached prior to Nov. 13, may be implemented beginning Nov. 14," Dr. Werkheiser reported. He added that the administration was awaiting word on retroactivity.

Mary S. Jones, Bette S. Thomas, Paul Warchal, and Mary Zookowski were granted additional pay increment for earning graduate credits.

Also as a result of the lifting of the wage-price freeze, the board approved a resolution that cafeteria employees be paid according to the 1971-72 hourly rate.

Resignation was accepted from Andrea Fulton, professional employe in the Dallas Junior High School, effective

Jan. 28, 1972. In other business concerning teachers, Joan Lawson was appointed a full-time substitute professional; Katherine Faerber, Lewis Chere, Joanne Killian, Marilyn Mesaros, William Howett and Gregory Zionkowski were added to the list of available substitute teachers.

Dallas School District will serve as the sponsoring agency for the establishment and operation of an E.S.E.A. Title III project entitled Dallas Team Approach to Language Experience. This is a federally funded project and Dr. Werkheiser was designated to serve as authorized representative in the receiving of this grant. If deemed a successful project, board agreed that consideration will be given to continue all, or some of the proposed activities under this grant through the use of local funds; such consideration to be executed no later than 60 days after the termination of the federal funding.

Permission was given to use building as follows: Shavertown Lutheran Church Cub Pack din-

ner in junior high school, Feb. 9; Rotary Club dinner, junior high school, Feb. 26; Dallas Boy Scouts dinner honoring Eagle scouts in senior high school, March 9; Dallas Blue and Gold dinner, senior high school, at a date to be announced.

New stage curtains will be installed in the senior high school by Jan. 15. The contract was awarded to Harrisburg Stage Equipment Company at a cost of \$1,842.

New Pamphlet Explains School Bus Regulations

"Stop! It's the Law!" This is the title of a new pamphlet explaining provisions of the vehicle code pertaining to school buses, including a new ruling regarding the use of flashing amber lights, it was announced today by Julius A. Trombetta, director of the bureau of traffic safety, Pennsylvania Department of Transportation.

Trombetta said that while regulations governing school buses and traffic are unchanged, the pamphlet points out that with the start of the 1971-72 school term the new ruling is a valuable asset to motorists in alerting them to the fact that a school bus is planning to stop and drivers should be prepared to stop within not less than 10 feet of a school bus halting to discharge or pick up passengers.

"The flashing amber lights," the PennDOT safety official said, "must be activated by the school bus operator not more than 300 feet and not less than 150 feet from the point at which the driver plans to stop."

Trombetta said that the pamphlet should serve as a "refresher course" for experienced motorists and an aid to new drivers.
