

# Kingston Board Pays Tribute To Late Road Superintendent

In memory of the late Lawton Culver, road superintendent, the Kingston Township Board of Supervisors observed a moment of silence at their Dec. 15 meeting.

The 1972 tentative budget was approved, and Secretary Michael Stanley was authorized to advertise it.

Supervisor Ed Richards announced false-arrest insurance is in effect for members of the police force. He requested that the police pension fund be amended to include benefits for a widow whose husband is killed in the line of duty. This was adopted by the board.

In line with township officials not serving in two capacities, Mr. Richards resigned from the Police Pension Commission.

After a nine-year term of service, R. Spencer Martin's resignation from the Board of Adjustments was accepted. Also, Earl D. Fritzes resigned from the Recreation Commission.

On recommendation of Supervisor W.R. Mather, and with unanimous consent, R. Spencer Martin was named to a five-year term on Dallas Area Municipal Authority.

The board was advised by Solicitor Ben Jones 3rd that Meadowcrest Housing Development has a licensed sewage treatment plant in operation, and therefore, does not have to hook into the Dallas Area sewer system.

Mrs. Herbert Updyke and son, Robert Updyke, each donated to the police department certain personal effects, including firearms, and furniture of the late Herbert Updyke, police chief.

A new zoning ordinance has been drawn up and will be advertised for two weeks prior to a public hearing.

A number of residents of Midway Manor and Carverton Heights voiced complaints about snow removal during the Thanksgiving holidays. One resident suggested that additional equipment be purchased and extra help hired during such storm emergencies.

Mr. Richards informed the audience that Dallas Area Municipal Authority volunteered the use of 3 pieces of equipment, and was largely responsible for getting Carverton Heights roads open.

Chairman Ed Hall said his phone rang continuously, from very early morning hours onward, during the snowstorm and that he was shocked at the language used. "This was the worse condition I've ever been through," he added.

David Phillips, chairman of Kingston Township Water

Commission, recommended in a letter to the board that a commission be formed of Back Mountain communities to seek the best possible solution for water problems in the area.

Pennsylvania Department of Transportation authorized the township to spend \$1,480 to move township equipment from the old building on Carverton Road to the new municipal garage.

## Lehman Firemen

### Guests at Party

Members of the Ladies Auxiliary of Lehman Volunteer Fire Company were hostesses at a Christmas party for the firemen of the company.

Dinner was served to auxiliary members and their guests. Carols were led by Janet Ehret. Naoma Nuss read Christmas stories and told of the birth of Jesus Christ.

The "Flute Trio" of Lake-Lehman High School entertained with several selections, accompanied by Vera Tough. The girls in the trio are Debbie McKeel, Helen Jean Earl and Lynda Tough.
