HOW CAN YOU MAKE A BETTER CUP OF COFFEE?

First, buy bean coffee...not pre-ground coffee. At A&P, we sell bean coffee. The coffee bean is nature's seal that holds the flavor. Once that seal is broken by grinding, flavor fades... NO MATTER HOW IT'S PACKAGED. The shorter the time between grinding the beans and brewing your coffee, the greater the flavor. Second, have the beans ground to fit your coffeemaker. At A&P, we custom grind the beans in a choice of seven different grinds...not one or two. If you're using pre-ground coffee, switch. This week, have an A&P bean coffee custom-ground to fit your coffeemaker. You'll make a better cup of coffee.
