

Camp St. Andrew to Host Leadership Training Week

The Rev. Thomas E. Chambers, C.S.C., director of the International Student Leadership Institute with headquarters at Notre Dame University, recently named the Rev. Joseph P. Kelly area coordinator of the I.S.L.I.

Father Chambers conducted a week-long training session at the Jesuit Community Cottage at Chapman Lake in preparation for the forthcoming International Student Leadership Institute to be conducted at Camp St. Andrew Aug. 18. Applications are still being accepted for consideration for this program.

Father Chambers, who holds graduate degrees in theology, psychology and education made

the following statement:

"Today's high school and college students are involving themselves philosophically and actively in what is going on around them.

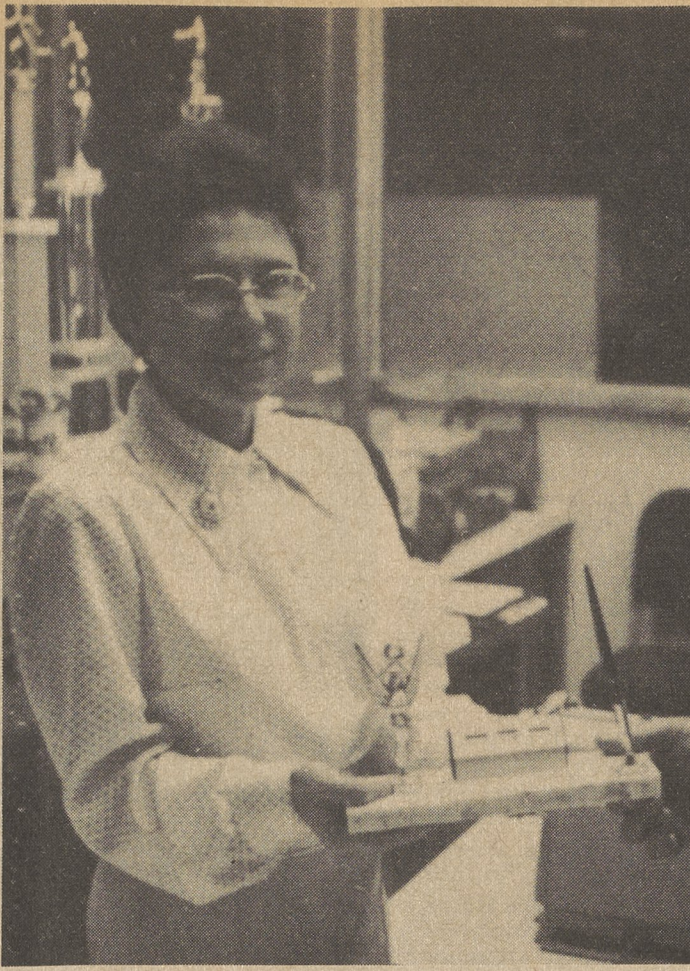

"Students in secondary and higher education find themselves in an entangling maze of relationships involving family, friends, teachers, administrators and a countless number of others. Values are being questioned. The future of our nation lies in the results of what our young people decide today.

"The program has been designed to include many areas in which the student of today finds himself as a 'leader'. Some of these include student councils, journalism, com-

munity service programs, and athletics. Ultimately, all of these functions and activities involve working with people. Leadership is involved in all these areas of student concern.

"The basic assumption in leadership development and training is that effective leadership largely consists of certain basic skills and understandings which can be learned. This assumption has been proved and verified by research studies as to the nature of leadership."

In addition to being the site for the International Student Leadership Institute, Camp St. Andrew will offer ten weeks of camping. Further information may be had by calling 836-2975 or writing to Camp St. Andrew, Box G. Tunkhannock, Pa. 18657.

Jean Wilson, Dallas Senior High School secretary, is shown above with the marble base calendar and pen set presented to her by the Dallas Booster-Lettermen Club in appreciation for her outstanding service to the various committees over the past number of years.

Booster Club Gives Award For 'Outstanding Service'

Jerry Stinson, athletic director of Dallas Senior High School, presented a combination desk calendar and pen set to Jean Wilson, senior high school secretary, on behalf of the Dallas Area Booster-Lettermen Club. The award was presented at the final assembly of the 1973-74 school year, June 13, in the high school auditorium.

The set which rests on a marble base was presented to Mrs. Wilson by the club in "recognition of her outstanding and dedicated service to the Dallas Booster Club" and was so inscribed.

It marks the first time in the history of the club that such an award has been given to an individual outside the membership of the organization.

Tudor Ellis, club secretary, stated that at the June 6 meeting of the Booster Club, the motion was made and unanimously approved to present Mrs. Wilson with a token of appreciation for the services she had given them over the past number of years.

"In order to make the work of the officers less difficult," Mr. Ellis said, "Jean prepared typewritten lists of the various members of the school's athletic teams including statistics and other information necessary to order the proper athletic awards and jackets. There was never a time that she refused to help us in any way possible."

Jean, who is secretary to high school principal Robert Dolbear, expressed her sincere gratitude to the club members for their thoughtfulness and told them they can continue to count on her assistance whenever and however necessary.

"These young people are like my own family," she stated, "and the assistance I give is a labor of love."

Giants Bubble with Glee At Sight of Willie Mays

The Lehman-Jackson Giants Little League team enjoyed a Wednesday afternoon visit with former New York Mets star Willie Mays at the Duryea plant of Topps Chewing Gum.

The team members, chaperoned by Mrs. Drugotch, Mrs. Alles and Mrs. Corrae, were so excited they could hardly contain themselves.

Amidst television cameras and newspaper reporters, Willie Mays greeted the boys on the lawn in front of Topps, shook their hands, and gave

each a box of bubble gum.

Bubbling with excitement were John Alles, Louis Corrae, Chuckie Youngman, Mike Sczewefyk, Bryan Hospodar, Jeff Drugotch, Richie Uffer, Kevin Bonham, Joe Kishkill, Tommy Boyle, Walter and Michael Blejwas, Gary Kalish, Danny Haeefe, and Dave Schmitt. Greg Bogdon was unable to attend.

As one Giant player said, "We may not be winning, but we're sure going places."

What's Up In Little League

by Bridgette Corrae

Another week of excitement at the Back Mountain Little League field finds us parents sitting in the bleachers, rooting our teams. Regardless of win or lose, we love them, their coaches and even the umpires (sometimes).

I made some goofs in last week's column, put the American League teams in the National League and vice versa and one team lost when they really won. Sorry.

Majors

Monday evening was the end of the season's first half and Lehman-Jackson Cardinals were in first place with 7 wins-1 loss; Dallas Dodgers, 4 wins-3 losses; Dallas Rotary, 3 wins-4 losses; Dallas Phillies, 3 wins-5 losses; Lehman-Jackson Giants, 2 wins-6 losses.

American League

Westmoreland Indians, 7 wins-1 loss; Trucksville Tigers, 5 wins-2 losses; Fernbrook Yankees, 3 wins-4 losses; Shavertown Orioles, 3 wins-5 losses; Shavertown Red Sox, 1 win-7 losses.

Minor League

Dallas Reds, 4 wins-0 losses; Dallas Phillies, 3 wins-1 loss; Lehman-Jackson Cardinals, 3 wins-1 loss; Dallas Dodgers, 3 wins-1 loss; Westmoreland Indians, 2 wins-2 losses; Shavertown Orioles, 1 win-3 losses; Fernbrook Yankees, 0 wins-4 losses; Trucksville Tigers, 0 wins-4 losses.

Majors

The last game of the first half was won by Westmoreland Indians, 10, Fernbrook Yankees, 4. First inning saw Tommy Schultz hit a grand slam homer; in the second inning Scott Enslen hit a homer and in the fourth another grand slam by Frank Munuski. Winning pitchers for Westmoreland were Pete Martin and Frank Munuski. Manager Pete Martin remarked that both teams played good sportsmanship ball.

A two-run homer by Frank Munuski helped the Westmoreland Indians start the second half with a win over Shavertown Reds, 5-1. Winning pitchers were Frank Munuski, John Jones and Scott Enslen. The pitchers for Shavertown were Mihalick and Maitas.

June 11 the Lehman Cardinals' fans were out in force as the Cardinals took a win from the Dallas Dodgers, 8-5. Pee Wee Tracy Slocum pitched a great game with Ed Lozo as catcher.

Thursday the horns were tootin' in Lehman as the Lehman-Jackson Giants won a victory over the Dallas Phillies, 10-6. Ten-year old Louis Corrae pitched his first game in the majors and with the terrific assistance of his team won the first game of their season's half. Lehman's centerfielder John Alles hit a home run with

one on and Dallas' pitcher Rick Wilson put one over the center-field wall, which the fans are still looking for.

Friday night rains literally washed out the Shavertown Orioles and Trucksville Tigers.

Dallas Reds took a win from the Lehman-Jackson Cardinals, 7-5. Saturday afternoon. Winning pitcher was John Bittner; Jim Michaels pitched for the Cardinals.

The most exciting game I've attended in the past three years was played Saturday evening between Dallas Dodgers and Lehman Giants. The Dodgers won in the last half of the sixth inning, 11-10. Giant pitcher Greg Bogdon hit a homer with two on. One of the players missed a play because he was blowing a big bubble and couldn't see the ball. The irony of it was that I gave him the gum before the game.

Minors

Saturday, the Dallas Reds came from behind to beat the Fernbrook Yankees, 9-7. Todd Radzinski and David Rose were the winning pitchers. Left fielder Mike Kern had an inside-the-park homerun and doubles by Lee McCarthy, Jeff Bolinski and Jeff Brady helped the Reds. Fernbrook's first baseman, Kevin McGough, hit a long double.

Dallas Phillies defeated Dallas Dodgers, 15-6, with the pitching by Lainge Batchler. Lainge also had a double.

Lehman-Jackson Cardinals defeated Trucksville Tigers, 20-6. Winning pitcher was Mark Boyle with relief from Dougie Osborne. Mark Boyle also hit an inside the park homerun.

Pitcher Matt Moran of the Westmoreland Indians and catcher Bill Cukosky were the battery, as Westmoreland beat the Shavertown Orioles. Matt Moran gave up only four walks.

Commission Warns Of Spa Pool Hazard

The Consumer Product Safety Commission has cautioned hydrotherapy spa pool owners that there may be a serious risk of injury associated with spa pools having only a single drain in the bottom of the pool.

Hydrotherapy spa pools with "flat drain covers" or missing grates should not be used until the pool owner has contacted a qualified swimming pool contractor or service company for installation of a special grate.

The commission said such grates are available and are designed to prevent suction sufficient to entrap a child or other bathers.

The commission said its warning follows the in-depth investigation of the death of an eight-year old girl in California

who drowned when suction from the drain in her parent's "spa pool" held her to the bottom. There was no grate covering the drain at the time of this accident.

The National Swimming Pool Institute is cooperating fully with the commission and will notify all NSPI pool contractors and others of the potential hazard and is taking steps to insure the installation of safer drain covers in all new hydrotherapy spa pools.

The commission estimates that there are thousands of "spa pools" across the country which may have potentially hazardous drains.

All Hot Dogs Not Same

Hot dogs may be known by other names such as weiner or frankfurter. And you may think they're all the same. But, according to Penn State Extension food specialists, not all hot dogs are the same in content, price or weight. They advise you to read package labels carefully.

For more buying and serving information on hot dogs, and other foods necessary for good health, write to: Food, Luzerne County Extension Home Economist, Courthouse Annex, Wilkes-Barre.

The best manner of avenging ourselves is by not resembling him who has injured us.
