

Dallas Reds End Up With Perfect Season

The Dallas Reds of the Back Mountain Little League Minors trounced the Shavertown Orioles 23-13 last week to chalk up a perfect season of ten wins and no losses. It marked their second win over the Orioles, beating them previously by a 22-7 score.

Solicitor Charles Lemmond attended a special program offered at Wilkes College concerning planned residential units. In the future, people will need to put more buildings on less land. If the borough does not have an ordinance to deal with the issue when it arises, the township could take over and the borough would lose local control.

The borough does not have such an ordinance at this time. Mr. Lemmond recommended that the possibility of such an ordinance be looked into. If done correctly, the areas will be well-planned and very attractive. The suggestion will go to the planning commission for investigation and surveys.

Mayor Steve Hartman said that there have been complaints from an unnamed residential district that a family is repairing cars until late at night. The residents of the area also claim that these cars are an eyesore. Neighbors have been complaining about the noise and have asked what can be done. The solicitor said that there is not an ordinance concerning the matter and suggested that the borough get one.

Their other victories included wins over the Dallas Dodgers, 18-1 and 23-10; Trucksville Tigers, 18-8 and 11-7; Dallas Phillies, 13-3; Fernbrook Yankees, 9-7; Westmoreland Indians, 10-6; and the Lehman-Jackson Cards, 5-4.

The Reds were powerful at the plate with nine of their players ending the season with batting averages in the high .300's. The low number of runs scored against them by their opponents was attributed to the effective hurling of their two pitchers, David Rose and Tad Radzinski. Daron Barbacci did an excellent job behind the plate playing catcher's position in every game.

Coaches Robert Masoner and Paul Jobson attribute the boys' successful season to their outstanding team effort and high spirit of enthusiasm and "stick-to-itiveness."

The coaches will host the boys at a cookout at the Jobson residence at which time they will present the players with awards.

Shown above are members of this season's Minor League Dallas Reds. Front, center, Jill Jobson, bat girl. First row, left to right are Kurt Garner, second base, Scott Jobson, O.F., Jeff Bolinski, O.F., Gary Daley, third base, Tad Radzinski, pitcher, Richard Rodgers, S.S., Clarke Bittner, second base, Daren Barbacci, catcher. Second row, Paul Jobson, coach; David Rose, pitcher, Craig Meister, O.F., Mike Kern, O.F., Gary Rost, third base, Jeff Brady, first base, Robert Masoner, manager. Lee McCarthy, S.S., and Jim Hagen, O.F., were also members of the team.

Oldest race horse in history was Hickory Jim. In 1891, when he ran his last race at the old Guttenberg track in New Jersey, he was 25 years old. That was like a 100-year-old man running a foot race!

Pictured are the Luzerne County Commissioners congratulating the first student interns accepted into the program. From left to right first row, are: Karen Keefe, intern; commissioner Ethel Price; Michalene Zajak, intern; Diane Davis, intern. Second row: Beatrice Stuccio; intern; Bernice Rabin; project coordinator. Third row: Frank Orossin; commissioner; Edmund Wideman; commissioner; John Klimchak, MH-MR administrator.

Luzerne, Wyoming Counties Begin Student Intern Project

A brand new program has just started in Luzerne and Wyoming Counties which will be of great benefit to college students, local colleges and social service agencies in the area. The program, known as the Student Intern Project (SIP), enables college students from these two counties to intern in social service agencies where the work interests the student and relates to his or her future employment.

For an internship of 530 hours over a 12 month period, the student receives course credit as well as a stipend. The intern is supervised by the agency and the work is integrated into

curriculum being studied at the college. The student is expected to work full time during one summer and no more than 10 hours a week during the regular school year.

The Student Intern Project has been Federally Funded for two years by the Dept. of Health, Education and Welfare, National Institute of Mental Health. It is being locally administered by the Mental HealthIt is being locally administered by the Mental Health-Mental Retardation Program of Luzerne-Wyoming Counties which is part of United Services Agency. The Administrator of Mental Health-

Mental Retardation is John Klimchak and the Project Coordinator is Bernice Rabin.

Colleges participating in SIP are King's College, Wilkes College, Luzerne County Community College and College Misericordia. Students interested in the fields of Mental Health, Special Education, Sociology, Psychology, Nursing, Accounting, etc. should see their college advisors. The program is funded for only 25 students per year and selections will be made on a first come, first served basis.
