with trade-in

High Voltage means straight-through-the-partition cell connectors deliver more initial starting power than an otherwise identical battery with up-and-over cell connectors.

### Battery Guarantee

If Battery proves defective due to electrical failure and will not hold a charge, we will replace it free of charge within 90 days of purchase, after 90 days we will replace it with a new battery charging only for the period of ownership. Your monthly charge for ownership will be computed by dividing the current selling price at the time of return, less trade-in, by the number of months of guarantee.

### Sears Highway Passenger Tire Guarantee

If you do not receive the number of miles specified because of your tire becoming unserviceable due to (1) defects, (2) normal road hazards, or (3) tread wearout.

We will, at our option, exchange it for a new tire or give you a refund charging in either case only the proportion of the then current selling price plus Federal Excise tax that represents mileage used. If the tire is unserviceable due to any of the above causes before 10% of the guaranteed mileage is received, the replacement or refund will be made with no charge for mileage received.

Nail punctures will be repaired at no charge.

Guarantee applies to tires on vehicles used for private family purposes.
