Wyoming Seminary Appoints Instructor

The Wyoming Seminary Day School has added an intermediate English and Latin instructor with the appointment of Michael Dougherty. John Magagna, assistant Seminary headmaster in charge of the Forty Fort Day School, in announcing the appointment, noted that Mr. Dougherty is already known to some of the school's students, because he has spent the past 12 summers working at Camp Susquehannock.

This summer Mr. Dougherty served as athletic director for the camp's older group, and as vice-director of the drama program.

He holds a B.A. degree in English from the University of Pennsylvania, where he was a Student Council member for four years.

During his senior year at the University of Pennsylvania, Mr. Dougherty coached the fourteen-year old tennis group at William Penn Charter School, where he received his own elementary education.

Help Children Make Friends—The grade school years are the most crucial time in learning how to make friends. Extension family life specialists at The Pennsylvania State University say that parents can help with social development as well as with homework. They point out that if you have friends and entertain them in your home, your child is likely to regard friendship as an important value in his life, too. When your child invites classmates home, welcome them even though at times this may mean confusion or inconvenience.

Crowd Views Flare Parade, Fireworks at Harveys Lake

The Harveys Lake Flare Parade and Fireworks Display was postponed from Sunday until Monday night because of the heavy rain. Nevertheless, there was a large crowd present to witness the spectacle marking the end of the summer season. The Harveys Lake Yacht Club sponsored the Flare Parade of sail and motor boats which circled the lake beginning at 8 p.m. Soft music flowed from the leading boat for the enjoyment of the spectators and lake dwellers. Docks were decorated with festive colored lights.

The boats initiated their trip from the Yacht Club and sailed

counter clockwise under the sponsorship of the Sunset Beach Association. This was the fourth year for the fireworks display and one of the largest, according to William Owens, past association president.

The postponement didn't seem to dampen the crowd's enthusiasm. There were loud cries and applause as the more colorful rockets opened in the sky. Loud booming sounds carried through the overcast night, bringing cheers from the younger onlookers.

Walter Murphy is president of the Sunset Beach Association which extends from Garden Place to the Outlet and Oak Hill. Many of the members and surrounding businessmen donated towards the expense of hiring a professional man to set off the fireworks.

Commodore Richard A. Garman noted that the Yacht Club parade has been in existence for many years. It is one of the highlights of the club's summer program. Because the event was postponed, some of the regular paraders did not participate.

Did You Know...
It takes 10 trees one day to produce the oxygen required to burn just one gallon of gasoline? At that rate, it would take a grove of 28 trees to replace the oxygen used by the average American's car in a year.
